DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893".

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par

avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, la Colombie-Britannique ou les territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893".

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

INTERCOLONIAL RAILWAY AND PRINCE EDWARD ISLAND RAILWAY OF CANADA.

RULES and Regulations for the carriage of baggage in effect 4th June, 1905.

1. Baggage.

(a) Baggage consists of the wearing apparel and such personal effects of passengers as may be necessary for their journey, and will be checked, on presentation of the proper passage ticket, when enclosed in locked receptacles which will insure safe transportation, such as trunks, valises, satchels, suit-cases and leather hat boxes. Valuable articles such as jewelry, diamonds, etc., will not be considered as personal effects and the railway will not accept responsibility therefor.

(b) Trunks, valises, telescopes, travelling bags, medium sized boxes (containing personal effects, and provided with suitable handles), sailor and emigrant bags, which are not securely locked, will not be received or checked, except with the understanding that no liability will be assumed for loss of articles therefrom.

(c) The following articles only will be checked and carried entirely at Owner's Risk.—(Form 459 to be signed):—Tool chests, guns in cases, steamer and invalids' chairs, surveyors instruments at actual weight (between stations in Canada only), club paraphernalia in closed receptacles, curling stones, paraphernalia of the theatrical companies, theatrical advertising matter (the weight of which is to be added to such baggage as passengers may have).

(d) The following articles will not be carried as baggage:—Paper packages, bundles (unless securely canvased or roped), band boxes, bird cages, boxes or bar-

rels of fruit, merchandise, furniture, household goods, explosive matter, gambling devices, sample oil or gasoline stoves, or any articles that are not properly baggage.

2. Baby Carriages.

Baby carriages, go-carts, baby sleighs, or similar vehicles, when properly released and when containing only necessary articles such as pillows, robes or blankets may be checked subject to the same charge as for fifty pounds of excess baggage. No less charge than 25 cents. This charge is separate from and has no connection with the charge for excess baggage proper.

3. Bicycles, etc.

(a) Bicycles and similar vehicles will be ticketed or checked and carried in baggage cars or steamer when accompanied by passengers presenting proper passage ticket, and will be charged for in conformity with current bicycle tariff. Not more than one bicycle will be checked for a passenger.

(b) Cycles crated, weighing over 250 pounds, or cycles or similar vehicles having more than three seats, or which are more than ten feet in length, will not be carried as baggage.

(c) Lamps, cyclometers, bells, tool bags and other attachments should be removed before the bicycle is accepted, otherwise they will be carried at owner's risk, same to apply to saddles or other attachments fastened to crates containing bicycles.

(d) In case of special (one day) excursion trains where a baggage car is furnished for the special convenience of excursionists and there is no baggageman in charge, the members of the party may be allowed to load their bicycles (without bicycle tickets) in such car with baskets of provisions and other paraphernalia incidental to the occasion, and the articles being in the exclusive care and custody of the owners and carried free at their own risk.

(e) Trunks containing bicycles will be treated the same as trunks containing other articles or samples, and the usual allowance made for passage ticket. But bicycles when cased, crated or boxed will be charged for.

(f) Automobiles, motor-cycles, motor-tricycles, or similar vehicles shall not be carried as baggage.

(g) Typewriters, Computing Scales, Cash Registers, Gramophones and similar articles when cased, crated or boxed, must not be checked. When enclosed in regular sample trunks, however, they may be checked.

4. Limit of weight of single piece.

No piece of baggage, except foreign immigrant baggage, weighing over two hundred and fifty pounds will be accepted or checked as baggage. This applies to all classes of baggage, including theatrical property checked or handled in regular baggage car or steamer.

5. Authority for checking.

Baggage will be checked only on presentation of passage ticket and will not be checked to any point beyond that to which ticket reads, nor by any route other than that designated by ticket. For passengers holding first class unlimited tickets, checks may be issued to any point short of destination, if so desired. Baggage will not be checked short of destination, on limited ticket, except on tourist tickets on which stop-over privileges are granted. Baggage may be checked on such tickets short of destination in accordance with such stop-over privileges. Checks must show junction points.

6. Free allowance.

(a) One hundred and fifty pounds of baggage will be allowed free for each passenger presenting full ticket or pass, and seventy-five pounds on half ticket. Half tickets presented by adults with special rate permit or clergyman's ticket will be treated as full ticket and all overweight will be charged for as excess baggage. On Trans-Pacific steamship business, where steamship ticket or order is presented in connection with railroad ticket to Trans-Pacific ports three hundred and fifty (350) pounds of baggage will be allowed on each full ticket of any class, and one hundred and seventy-five (175)

pounds on each half ticket. Baggage must not be checked beyond coast terminals.

(b) Charges for excess baggage should be prepaid.

(c) Baggage weighing in excess of free allowance thus authorized will be subject to charge per hundred (100) pounds in conformity with current Excess Baggage Tariff. Excess baggage rate must not be based on temporarily reduced special party or excursion passenger fare quoted from time to time.

(d) When checking to points on connecting lines, excess baggage checks must not be issued to any station beyond that to which the baggage is checked.

(e) When excess baggage collections are made an excess baggage check will be issued as a receipt for the amount paid. Only one excess baggage check will be issued on any one lot of baggage. The route and destination of check must correspond with that of passage ticket on which the baggage is checked.

7. Commercial samples.

(a) Commercial travellers may be allowed 300 pounds of samples when contained in sample trunks or sample cases (not wooden boxes) including personal baggage, free between points in Canada only upon presentation of valid commercial travellers railway privilege certificate (on which baggage privileges should be endorsed) together with commercial travellers' passage ticket, bearing corresponding number and designating letter, for example, "123 T." No special allowance beyond 150 pounds per ticket should be made commercial travellers presenting excursion tickets issued to the public even though commercial traveller's certificate is presented in connection with such ticket. Baggage must be checked only to destination of and *via* same route as passage ticket and must be weighed each time checked. Only one ticket will be honored for checking of any one lot of Commercial Travellers' samples.

(b) Commercial travellers presenting week-end tickets may have usual allowance of three hundred (300) pounds of personal or samples of merchandise checked free, either to destination of ticket or to a point short of destination of ticket, provided such point is on direct route of ticket. When baggage is checked to a point short of destination of week-end ticket, baggage privileges of both portion of week-end ticket may be cancelled with a "B.C." or "B." punch, or by having letters "B.C." written across the face of both portions of ticket. When passage tickets are dated ahead under provisions allowing same, baggage may be checked on the date of purchase to the destination of ticket under usual regulations.

(c) Excess baggage charges may be collected through to any station on the Intercolonial Railway, and Excess Check, Form "C," showing the number of pieces, etc., issued to cover collection. If a commercial traveller holding such Excess Check wishes to stop over at one or more stations en route, baggage may be checked to station where stop-over is desired, provided it is on regular recognized route for which Excess Check was issued, and owner must produce passage ticket reading to station where stop-over is desired, and baggage must be checked to that station only. Where there are a number of a pieces of baggage belonging to one commercial traveller, baggage must not be divided and excessed in different lots. Not more than 300 pounds will be allowed for any one commercial traveller.

(d) Baggage should not be excessed to any station where there are not proper facilities for weighing and collecting excess.

(e) Charge for all excess weight, over free allowance of 300 pounds on each ticket, at the current excess baggage rate as per Excess Baggage Tariff.

8. Transportation of dogs.

(b) Canoes, skiffs and other boats will not be taken in baggage cars, but must be forwarded by freight or express. This will not apply to sectional or folding boats that can be folded or done up in package not exceeding six feet in length, which may be accepted as part of hunter's or camper's equipage.

Sportsmen's and campers' outfit may consist of tents, small bundles of bedding, folding cots, camp chairs, cooking utensils and provisions in small quantities packed in proper receptacles so that they can be checked, piled and handled as ordinary baggage; also guns in wooden, leather or canvas cases. This allowance may also include 50 pounds of fish caught or game killed, properly encased (provided the same has been taken within the legal season and is carried according to the law), but whole carcasses of deer, bear or other large game more than 50 pounds in weight will not be carried free or any allowance made thereon. Such carcasses may be shipped by express or freight; nor will more than 50 pounds of fish or game be checked on any one ticket, even on payment of excess baggage rates (all quantities in excess of 50 pounds may be forwarded by express or freight).

12. Storage.

(a) Storage will be charged on each piece of baggage, either inbound or outbound, checked or not checked, remaining at stations over twenty-four hours, as follows: First twenty-four hours, free; second twenty-four hours or fraction thereof, twenty-five (25) cents; and for each succeeding twenty-four hours or fraction thereof, ten (10) cents. O. D. check printed on blue cardboard, and giving explicit direction as to collections, showing amount to be collected, what for, and how, it should be credited.

(b) On baggage forwarded from flag stations or other stations not provided with baggage facilities, the charges for excess baggage or other charges will be collected at destination.

14. Station Identification.

(Claim checks.)

(a) All baggage delivered at stations by transfer lines or express men or by individuals should bear a claim check or the station baggageman must be requested to issue a station identification claim check when the baggage is received.

(b) No responsibility will be assumed by the carrier for baggage left on station premises unless it bears claim check or a station identification claim check as above, unless passage ticket has been presented and baggage checked to destination.

(a) The detached rock marked just south of Virago point, and 150 yards from the shore abreast of it, has 5 feet over it at low water, and is situated 50 yards nearer to the shore.

(b) The rock shown as having less than 6 feet over it at low water at a distance of 75 yards to the southwest of Race point, dries 4 feet at low water.

(c) Romulus rock was found to have 5 feet over it at low water, and to be the southeast extreme of a rocky patch 250 yards long in a N.W. by N. and S.E. by S. direction with maximum width of about one cable; this rock is situated 50 yards nearer to Black rock than the position of the $2\frac{1}{2}$ fathoms as previously shown.

Another rocky head with 4 feet over it at low water lies between Black and Romulus rocks, distant 140 yards from the latter.

(d) A shoal with least water of 24 feet over it at low water was found to be situated with South point bearing S. 37° E. distant $1\frac{1}{4}$ cables.

A small detached head having 30 feet over it at low water was also found outside of this, with South point bearing S. 37° E. distant $1\frac{1}{8}$ cables.

(e) Black rock dries 11 feet at low water.

The rock shown at a cable's distance southeast from Black rock has 6 feet over it at low water.

(f) Between this last rock mentioned in (e), and the rocky patch described in (c) several 3 and 5 fathom heads were found.

Owing to the oblique direction of this channel with reference to the tidal streams and its very limited breadth, it is inadvisable for vessels to make use of it.

(g) The rock, lying close off the southeast of Virago rock, has 5 feet over it at low water.

(h) A large rocky patch having several heads with from 3 to 6 feet over them at low water was found nearly midway between Race point and the opposite shore of Valdes island.

From the southernmost head of this danger, Race point lighthouse bears S. 64° E. distant $2\frac{3}{10}$ cables.

This patch is about $1\frac{1}{4}$ cables long in a N.N.W. and S.S.E. direction, and about 125 yards at its greatest breadth.

(i) A small rocky head with 30 feet over it at low water was found with Race point lighthouse bearing S. 22° E. distant $1\frac{1}{2}$ cables.

DIRECTIONS FOR VESSELS ENTERING PORLIER PASS FROM THE NORTHWARD.

Pass the fairway buoy at a distance of about one cable, and bring the leading lights in line.

When about $2\frac{1}{2}$ cables from Race point, gradually alter course to starboard to pass this point at a distance of a little less than a cable.

After passing Virago point at about the same distance, alter course to port, keeping the extreme of South point on a bearing of S. 26° E. until the two white beacons in the bay north of South point are in line, when Race point lighthouse should be brought just open of the high water line of Virago point, passing South point at a distance of a cable.

In entering from the north with a strong ebb, care must be taken that the tide does not set the vessel on Romulus rock, and with the flood stream running,

equal care must be exercised to avoid the rock to the southwest of Virago point.

NOTE.—The name of this pass has been corrected by the Geographic Board of Canada. The form "Portier" was merely a misprint. The name Porlier was given in 1791 by the Spanish explorers, and this form appears in all maps and books from Elisa to Sir James Douglas 1791-1852.

JOHN J. MCGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 8e jour de novembre 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en vertu des dispositions de l'Acte des chemins de fer de l'Etat, chapitre 38 des Statuts révisés du Canada, d'ordonner que les règles et règlements ci-joints, concernant le transport du bagage sur les chemins de fer Intercolonial et de l'Île du Prince-Edouard, soient adoptés et établis, et ils sont par le présent adoptés et établis en conséquence.

JOHN J. MCGEE,
Greffier du Conseil privé.

CHEMIN DE FER INTERCOLONIAL ET CHEMIN DE FER DE L'ÎLE DU PRINCE-ÉDOUARD, CANADA.

RÈGLES ET RÈGLEMENTS CONCERNANT LE TRANSPORT DU BAGAGE.

1. Bagage.

(a) Le bagage consiste des hardes et des effets personnels des voyageurs qui sont nécessaires à leur trajet, et seront chéqués sur présentation du billet régulier lorsqu'ils sont renfermés dans des réceptables fermés à clé qui assurera le transport sûr, tels que coffres, valises, portemanteaux, sacs à main et boîtes en cuir pour chapeau. Les articles précieux, tels que bijouterie, diamants, etc., ne seront pas considérés des effets personnels, et le chemin de fer n'en prendra pas la responsabilité.

(b) Les coffres, valises, télescopes, sacs de voyage, boîtes de grandeur moyenne (contenant des effets personnels, et munis de poignées convenables), les poches de matelot et d'émigrant, qui ne sont pas solidement fermés à clé, ne seront pas reçus ou chéqués, sauf avec l'entente qu'il ne sera pas encouru de responsabilité pour perte d'articles que contenaient ces poches.

(c) Les articles ci-dessous seront seuls chéqués et transportés entièrement au risque du propriétaire (formule 459 à être signée) :—Les coffres à outils, les fusils dans des étuis, les chaises de steamer et d'invalides, les instruments d'arpenteurs à leur pesanteur réelle (entre des stations en Canada seulement), les accessoires de club dans des réceptables fermés, les *curling stones*, les accessoires de compagnies de théâtre, les matières d'annonce de théâtre (dont le poids doit être ajouté au bagage que les voyageurs peuvent avoir).

(d) Les articles suivants ne seront pas transportés comme bagage :—Colis de papier, paquets (à moins d'être solidement ceinturés de canevas ou de corde), cartons à chapeaux, cages d'oiseau, boîtes ou barils de fruits, marchandises, meubles, effets de ménage, matière explosive, instruments de jeu, échantillons de poêles à l'huile ou à gasoline) ou tous articles qui ne constituent pas du bagage proprement dit.

2. Voitures d'enfants.

Les voitures et traîneaux d'enfants, ou autres voitures semblables, lorsqu'ils sont convenablement marqués sans garantie et lorsqu'ils ne contiennent que des articles nécessaires, tels que oreillers, robes ou couvertures, peuvent être chéqués au même taux que pour cinquante livres de bagage supplémentaire. Pas moins

que 25 centins. Cette taxe est distincte et n'a pas de rapport à la taxe pour excédent de bagage proprement dit.

3. Bicycles, etc.

(a) Les bicycles et articles semblables seront reçus ou chéqués et transportés dans les wagons à bagage ou vapeurs lorsqu'ils seront accompagnés des voyageurs munis d'un billet régulier, et seront taxés conformément au tarif des bicycles. Il ne sera chéqué qu'un seul bicycle par voyageur.

(b) Les cycles en cages, pesant plus de 250 livres, ou les cycles ou véhicules semblables ayant plus de trois sièges, ou qui ont plus de dix pieds de longueur, ne seront pas transportés comme bagage.

(c) Les lampes, cyclomètres, cloches, sacs à outils et autres attachés devront être enlevés avant que le bicycle soit accepté, autrement ils seront transportés au risque du propriétaire, de même que les selles ou autres attachés liés aux cages contenant des bicycles.

(d) Dans le cas de trains d'excursion spéciaux (d'un jour) lorsqu'un wagon à bagage est fourni pour la commodité spéciale des excursionnistes, et qu'il n'y a pas de préposé au bagage en charge, les membres du parti pourront charger leurs bicycles (sans billets de bicycle) dans le dit wagon avec les paniers aux provisions et autres accessoires incidents à l'occasion, et les articles seront aux soins exclusifs des propriétaires et transportés sans frais à leur propre risque.

(e) Les coffres contenant des bicycles seront traités comme les coffres contenant d'autres articles ou échantillons, et la même allocation sera faite pour le billet de passage, mais les bicycles en caisses, encagés, ou emboîtés seront taxés comme tels.

(f) Les automobiles, cycles-moteurs, tricycles-moteurs, ou autres articles semblables, ne seront pas transportés comme bagage.

(g) Les mécanigraphes, tables à compter, les registres à argent, les gramophones et autres articles semblables, lorsqu'ils sont encaissés, encagés ou emboîtés, ne doivent pas être chéqués. Toutefois, s'ils sont enfermés dans des malles d'échantillons, ils pourront être chéqués.

4. Limite du poids d'une seule pièce.

Nulle pièce de bagage, sauf le bagage de l'immigrant étranger, pesant plus de deux cent cinquante livres ne sera acceptée ou chéquée comme bagage. Ceci s'applique à toutes les catégories de bagage, y compris les effets de théâtre chéqués ou mis dans le wagon à bagage régulier ou le steamer.

5. Autorité pour chéquer.

Le bagage ne sera chéqué que sur présentation du billet de passage, et ne sera pas chéqué à aucun point au-delà du point marqué sur le billet, ni par aucune autre route que celle désignée par le billet. Quant aux voyageurs portant des billets de première classe illimités, des chèques pourront être donnés pour tout point en deça de la destination, si on le désire. Le bagage ne sera pas chéqué pour en deça de la destination sur les billets limités, sauf sur les billets de touriste qui comportent les privilèges d'arrêt. Le bagage peut être chéqué sur ces billets en deça de la destination conformément à ces privilèges d'arrêt. Les chèques doivent montrer les points de jonction.

6. Bagage gratuit.

(a) Cent cinquante livres de bagage seront allouées à chaque voyageur présentant un billet complet ou passe, et soixante-quinze sur un demi-billet. Les demi-billets présentés par des adultes avec permis de taux spécial ou billet de clergyman seront traités comme billet complet, et tout excédent de poids sera taxé comme bagage supplémentaire. Sur les vapeurs transpacifiques, ou le billet de steamship ou ordre est présenté en conjonction avec un billet de chemin de fer à des ports transpacifiques, il sera alloué trois cent cinquante (350) livres de bagage sur chaque billet complet de toute classe, et cent soixante-quinze (175) livres sur chaque demi-billet. Le bagage ne doit pas être chéqué pour au-delà des points terminaux de la côte.

(b) Les frais pour excédent de bagage doivent être payés d'avance.

(c) Le bagage pesant plus que la tolérance autorisée sera assujéti à la taxe par cent (100) livres, selon le tarif de bagage supplémentaire. La taxe sur le bagage supplémentaire ne doit pas être basée sur un prix de passage temporairement réduit pour un parti spécial ou une excursion.

(d) En chéquant pour des points sur les lignes correspondantes, les chèques de bagage supplémentaire ne doivent pas être donnés pour aucune station au-delà de celle pour laquelle le bagage est chéqué.

(e) Lorsque des frais sont exigés pour bagage supplémentaire, un chèque de bagage supplémentaire doit être donné comme reçu pour le montant payé. Un seul chèque de bagage supplémentaire sera donné pour un lot de bagage. La route et la destination du chèque doivent correspondre avec celles du billet de passage sur lequel le bagage est chéqué.

7. Échantillons de marchandises.

(a) Aux voyageurs de commerce on pourra allouer sans frais 300 livres d'échantillons lorsqu'ils sont contenus dans des coffres ou caisses d'échantillons (pas des boîtes de bois) y compris le bagage personnel entre des points en Canada seulement sur présentation d'un bon certificat de privilège de voyageur de commerce (sur lequel certificat les privilèges de bagage seront endossés) ainsi que le billet de passage du voyageur portant un numéro correspondant et une lettre, par exemple, "123 T". Nulle allocation spéciale au-delà de 150 livres par billet ne sera faite aux voyageurs de commerce présentant des billets d'excursion délivrés au public, bien que le certificat du voyageur de commerce soit présenté en même temps que ce billet. Le bagage ne doit être chéqué que pour la destination et la même route que le billet de passage, et doit être pesé chaque fois qu'il est chéqué. Un seul billet suffira pour chéquer un lot quelconque d'échantillons de marchandises.

(b) Les voyageurs de commerce qui présentent des billets de fin de semaine pourront faire chéquer gratuitement 300 (300) livres d'effets personnels ou d'échantillons de marchandises, soit jusqu'à la destination du billet ou jusqu'à un point en deça de la destination du billet, pourvu que ce point soit sur la route directe du billet. Lorsque du bagage est chéqué jusqu'à un point en deça de la destination du billet de fin de semaine, les privilèges de bagage des deux parties du billet de fin de semaine peuvent être annulés par poinçon "B.C." ou "B." ou en écrivant sur la face des deux parties du billet les lettres "B.C." Lorsque des billets de passage sont antidatés en vertu de dispositions qui le permettent, le bagage peut être chéqué sur la date de l'achat jusqu'à la destination du billet, sous les règlements ordinaires.

(c) Les frais pour bagage supplémentaire peuvent être perçus directement à toute station sur le chemin de fer Intercolonial, et un Excess Check, formule "C" indiquant le nombre de pièces, etc., émis pour permettre la perception. Si un voyageur de commerce portant cet Excess Check désire arrêter à une ou plusieurs stations en route, le bagage pourra être chéqué pour la station où il désire arrêter, pourvu qu'elle soit sur la route régulière reconnue pour laquelle cet Excess Check a été émis, et le propriétaire doit produire le billet de passage indiquant la station où l'arrêt est désiré, et le bagage doit être chéqué pour cette station seulement. Quand il y a un nombre de pièces de bagage appartenant à un voyageur de commerce, le bagage ne doit pas être divisé et taxé en différents lots. Pas plus que 300 livres ne seront allouées à un seul et même voyageur de commerce.

(d) Le bagage supplémentaire ne doit pas être taxé pour aucune station qui n'est pas pourvue des facilités convenables pour peser et percevoir l'excédent de bagage.

(e) La taxe pour tout excédent de poids, au-delà de l'allocation gratuite de 300 livres sur chaque billet, se fera d'après le tarif du bagage supplémentaire.

8. Transport des chiens.

(a) Les chiens munis d'un bon collier et d'une chaîne solidement attachée, ou en cages, qui ne sont pas destinés à des expositions ou à des courses, seront transportés dans les wagons à bagage au risque du proprié-

taire (formule 459 à signer) lorsqu'ils sont accompagnés des propriétaires ou gardiens, qui devront présenter un bon billet de passage au préposé aux bagages ou à l'agent lors de l'envoi.

(b) La taxe pour chaque chien sera la même que pour 100 livres de bagage supplémentaire (voir tarifs courants).

(c) Pas plus que deux (2) chiens par voyageur ne seront transportés dans le wagon aux bagages.

(d) Les chiens appartenant à des partis de théâtre seront transportés aux conditions qui règlent le transport de la propriété de théâtre.

9. Bateaux.

(a) Quand la chose est convenue d'avance, les chaloupes de course, si elles sont accompagnées des propriétaires, peuvent être transportées sur les trains à voyageurs, au risque du propriétaire, au prix courant du tarif. Les propriétaires devront enlever les outriggers avant de placer la chaloupe sur le train. Des chèques de bagage supplémentaire doivent être donnés pour les montants perçus.

(b) Les canots, esquifs, et autres embarcations ne seront pas mis dans les wagons à bagage, mais doivent être expédiés par fret ou messagerie. Ceci ne s'applique pas aux chaloupes par sections ou pliantes qui peuvent être pliées ou mises en paquets n'excédant pas six pieds de longueur, et qui seront acceptées comme partie de l'équipage d'un chasseur ou campeur.

10. Effets de campement.

(a) Pour un territoire limité, tel qu'autorisé par le tarif courant pour les sportsmen et campeurs, seuls ou en partis, en expéditions de campement, de chasse ou de pêche, deux cents (200) livres de bagage, y compris l'équipage des chasseurs et campeurs, seront chéqués gratis sur chaque billet complet, et cent (100) livres pour chaque demi-billet. L'équipage d'un chasseur et campeur peut se composer de tentes, petits paquets de literie, lits pliants, chaises de camp, ustensiles de cuisine, et provisions en petites quantités empaquetés dans des réceptacles convenables de façon à pouvoir être chéqués, empilés et manipulés comme bagage ordinaire; aussi des fusils dans des étuis de cuir ou de canevas. Cette allocation peut aussi comprendre 50 livres de poisson pris ou de gibier tué, bien encaissé, (pourvu qu'il ait été pris dans la saison ouverte et soit porté selon la loi), mais les cadavres de cerfs, ours, ou autre gros gibier pesant plus de 50 livres ne seront pas transportés gratuitement et rien ne sera alloué. Ces cadavres peuvent être expédiés par messagerie ou par fret; et pas plus de 50 livres de poisson ou de gibier ne seront chéqués sur un seul billet, même en payant les taux de bagage supplémentaire, (toutes quantités excédant 50 livres peuvent être expédiées par messagerie ou fret).

(b) Tous les articles qui ne sont pas ordinairement réputés bagage seront transportés au risque du propriétaire.

(c) Les meubles, barils, sacs de farine ou autres articles encombrants de cette nature ne doivent pas être chéqués ni expédiés dans les wagons à bagage.

11. Bagage théâtral.

(a) Les hardes, décors de théâtre, instruments de musique, scènes et animaux vivants, lorsque convenablement attachés ou encagés, employés à des pièces de théâtre ou autres amusements publics, peuvent être transportés dans les wagons à bagage sur les trains réguliers, à certaines conditions—cent cinquante (150) livres seront portées pour chaque billet complet et soixante-quinze (75) livres pour chaque demi-billet. Si ces objets ne sont pas encagés de manière à ce que le poids réel puisse être facilement constaté, on estimera à 250 livres chaque poney et chaque âne, et à 100 livres chaque chien savant.

(b) Les animaux ou autre simple pièce de théâtre pesant plus de 250 livres ne seront transportés que que dans des wagons à bagage spéciaux.

(c) Chaque fois que des animaux sont transportés dans les wagons réguliers à bagage ou dans des wagons spéciaux, des contrats devront être exécutés subordonnés aux règles et règlements de fret concer-

nant le voiturage de bestiaux, et la signature à ce contrat devra être obtenue à l'endroit primitif du contrat, de façon à protéger toutes les lignes intéressées.

(d) Tout bagage scénique et propriété excédent l'allocation autorisée dans le présent article doit être taxé aux taux réguliers du bagage supplémentaire, lorsqu'il est transporté dans les wagons à bagage réguliers sur les trains réguliers.

(e) Des wagons à bagage spéciaux (qu'ils soient possédés ou loués par le parti ou fournis par la compagnie de chemin de fer) sur les trains réguliers, seront taxés selon le tarif courant.

(f) Lorsque des wagons à bagage spéciaux sont fournis et que le bagage et les effets du parti ne peuvent y contenir tous, nécessitant qu'une partie soit expédiée dans le wagon à bagage régulier, l'excédent doit être taxé au taux régulier de bagage supplémentaire pour la partie qui n'est pas transportée dans le wagon à bagage spécial, sauf que l'allocation régulière pourra être faite pour tous billets en sus du nombre requis par wagon pour couvrir le service spécial de wagon à bagage.

12. Emmagasinement.

(a) Les frais d'emmagasinage seront exigés sur chaque pièce de bagage, à l'entrée ou à la sortie, chéquée ou non, restant aux stations plus longtemps que vingt-quatre heures, comme suit :—Premières vingt-quatre heures, gratis; deuxièmes vingt-quatre heures, ou fraction de vingt-quatre heures, vingt-cinq (25 cts); et pour chaque vingt-quatre heures ensuivantes, ou fraction de vingt-quatre heures, dix (10 cts). Sauf, que le bagage arrivant aux gares entre midi le samedi et midi de dimanche sera gardé sans frais jusqu'à midi le lundi suivant : les frais d'emmagasinage doivent comprendre les dimanches et les fêtes statutaires lorsque le bagage a été marqué pour emmagasinage avant le dimanche ou la fête statutaire qui intervient.

(b) Le bagage d'échantillons appartenant aux voyageurs de commerce munis de certificat de voyageur de commerce sera emmagasiné en Canada sans frais depuis 13.00 heures vendredi jusqu'à minuit du lundi suivant, alors que l'emmagasinage commencera, au lieu de commencer à midi le lundi.

(c) Tout bagage sera emmagasiné au risque du propriétaire.

13. Paiements sur livraison.

(a) Tous les frais pour excédent de bagage, emmagasinage et transport sont supposés être perçus par l'agent expéditeur, mais si du bagage est reçu d'une ligne correspondante avec ordre de percevoir les frais dus, ou chaque fois qu'il est nécessaire d'expédier cette propriété à destination pour percevoir les frais, elle devra être expédiée sous un ordre "C. O. D." imprimé sur carton bleu, donnant des instructions explicites quant à la perception, indiquant le montant à percevoir, pourquoi, et comment il doit être crédité.

(b) Sur le bagage expédié de haltes ou autres stations non pourvues de facilités pour le bagage, les frais de bagage supplémentaire ou autres frais seront perçus à la destination.

14. Identification de station.

(Chèques de réclamation.)

(a) Tout bagage délivré à des stations par des lignes de transfert ou par des employés de messagerie ou par des individus devront porter un chèque de réclamation, ou le préposé aux bagages doit être requis d'émettre un chèque de réclamation lorsque le bagage est reçu.

(b) Aucune responsabilité ne sera assumée par le voiturier pour bagage laissé sur le terrain de la station à moins qu'il porte un chèque de réclamation, ou un chèque d'identification comme susdit, sauf si le billet de passage a été présenté et le bagage chéqué à destination.

15. Règlements généraux.

(a) Le bagage doit être délivré à la gare à temps suffisant avant le départ régulier du train ou du vapeur sur lequel il doit partir, afin de donner le temps de peser, percevoir et donner les reçus voulus.

(b) Si un voyageur qui a perdu son contre-chèque demande son bagage, et peut prouver son droit de propriété en énumérant exactement le contenu de l'article

réclamé, le bagage [pourra lui être délivré contre paiement de vingt-cinq (25) centins pour la perte du contre-chèque, et en signant un reçu en double le montant perçu sera remboursé contre le retour du chèque à la compagnie de transport.]

(c) La responsabilité de la compagnie de transport pour toute perte ou avarie provenant d'une cause quelconque au bagage chèque pour des points au-delà de sa ligne, cesse aussitôt que le bagage est confié au voiturier ensuivant.

(d) La compagnie de transport ne garantira pas de porter ou expédier le bagage sur le même train ou le même steamer que le voyageur, et si le bagage d'un voyageur est perdu ou avarié, la compagnie de transport ne sera responsable que pour la somme de \$50.

(e) Si un voyageur désire ouvrir son bagage pour en retirer quelque article après avoir été chèque, et sur identification, l'agent ou le préposé aux bagages feront remplir la formule 459.

§ Frais minimum à percevoir sur un lot quelconque de bagage, vingt-cinq centins.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que les règlements gouvernant l'émission de licences et de permis annuels de coupe de bois sur les terres fédérales dans les provinces de Manitoba, Saskatchewan et Alberta, les Territoires du Nord-Ouest et la zone de chemin de fer dans la province de la Colombie-Britannique, établis par ordre en Conseil du 1er juillet 1898, et des ordres en Conseil subséquents, prescrivent que le bois sur les terres fédérales ne peut être acquis pour les fins d'exploitation des houillères, excepté que par concurrence publique, et que les propriétaires et exploitants de terrains houillers sont de ce fait grandement incommodés ;

Par conséquent, il a plu au Gouverneur général en Conseil, dans le but d'encourager le développement de l'industrie houillère, d'ordonner que les dits règlements soient, et ils sont par le présent amendés de manière à ce qu'il soit accordé, sans concurrence, aux propriétaires et exploitants de terrains houillers, des permis de couper le bois dont ils peuvent avoir besoin pour le développement de leurs mines, sur paiement des droits suivants :

Bois ayant 9 pouces et plus de diamètre au gros bout $\frac{1}{2}$ c. par pied lin.

Bois ayant 5 pouces et moins de 9 pouces de diamètre au gros bout $\frac{1}{4}$ c. " "

SUR un mémorandum daté le 14 octobre 1905, du ministre de l'Intérieur, disant que par ordre en Conseil du 12 avril 1880, il a été établi un tarif légal de droits à être imposés par le ministre de l'Intérieur, pour copies de cartes, plans de townships, notes d'arpentages et autres titres, et qu'en vertu de ce tarif le prix de copies lithographiées des plans de townships est fixé à 50 centins la copie.

Le ministre soumet de plus que depuis que ce tarif a été établi il a été adopté de nouveaux procédés pour l'impression des plans qui en ont considérablement réduit le coût.

Le ministre, par conséquent, recommande que lorsque des plans de townships sont vendus le prix en soit réduit à dix centins la copie, ce qui couvrira amplement les frais d'impression.

Le comité soumet ce qui précède pour approbation.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

THE Governor General in Council is pleased, in virtue of the provisions of The Government Railways Act, chapter 38 of the Revised Statutes of Canada, to order that the annexed Rules and Regulations for the carriage of baggage on the Intercolonial and Prince Edward Island Railways be adopted and established and the same are hereby adopted and established accordingly.

JOHN J. MCGEE,

Clerk of the Privy Council.

INTERCOLONIAL RAILWAY AND PRINCE
EDWARD ISLAND RAILWAY OF
CANADA:

RULES and Regulations for the carriage of baggage
in effect 4th June, 1905.

1. Baggage.

(a) Baggage consists of the wearing apparel and such personal effects of passengers as may be necessary for their journey, and will be checked, on presentation of the proper passage ticket, when enclosed in locked receptacles which will insure safe transportation, such as trunks, valises, satchels, suit-cases and leather hat boxes. Valuable articles such as jewelry, diamonds, etc., will not be considered as personal effects and the railway will not accept responsibility therefor.

(b) Trunks, valises, telescopes, travelling bags, medium sized boxes (containing personal effects, and provided with suitable handles), sailor and emigrant bags, which are not securely locked, will not be received or checked, except with the understanding that no liability will be assumed for loss of articles therefrom.

(c) The following articles only will be checked and carried entirely at Owner's Risk.—(Form 459 to be signed):—Tool chests, guns in cases, steamer and invalids' chairs, surveyors instruments at actual weight (between stations in Canada only), club paraphernalia in closed receptacles, curling stones, paraphernalia of theatrical companies, theatrical advertising matter (the weight of which is to be added to such baggage as passengers may have).

(d) The following articles will not be carried as baggage:—Paper packages, bundles (unless securely canvased or roped), band boxes, bird cages, boxes or bar-

rels of fruit, merchandise, furniture, household goods, explosive matter, gambling devices, sample oil or gasoline stoves, or any articles that are not properly baggage.

2. Baby Carriages.

Baby carriages, go-carts, baby sleighs, or similar vehicles, when properly released and when containing only necessary articles such as pillows, robes or blankets may be checked subject to the same charge as for fifty pounds of excess baggage. No less charge than 25 cents. This charge is separate from and has no connection with the charge for excess baggage proper.

3. Bicycles, etc.

(a) Bicycles and similar vehicles will be ticketed or checked and carried in baggage cars or steamer when accompanied by passengers presenting proper passage ticket, and will be charged for in conformity with current bicycle tariff. Not more than one bicycle will be checked for a passenger.

(b) Cycles crated, weighing over 250 pounds, or cycles or similar vehicles having more than three seats, or which are more than ten feet in length, will not be carried as baggage.

(c) Lamps, cyclometers, bells, tool bags and other attachments should be removed before the bicycle is accepted, otherwise they will be carried at owner's risk, same to apply to saddles or other attachments fastened to crates containing bicycles.

(d) In case of special (one day) excursion trains where a baggage car is furnished for the special convenience of excursionists and there is no baggageman in charge, the members of the party may be allowed to load their bicycles (without bicycle tickets) in such car with baskets of provisions and other paraphernalia incidental to the occasion, and the articles being in the exclusive care and custody of the owners and carried free at their own risk.

(e) Trunks containing bicycles will be treated the same as trunks containing other articles or samples, and the usual allowance made for passage ticket. But bicycles when cased, crated or boxed will be charged for.

(f) Automobiles, motor-cycles, motor-tricycles, or similar vehicles shall not be carried as baggage.

(g) Typewriters, Computing Scales, Cash Registers, Gramophones and similar articles when cased, crated or boxed, must not be checked. When enclosed in regular sample trunks, however, they may be checked.

4. Limit of weight of single piece.

No piece of baggage, except foreign immigrant baggage, weighing over two hundred and fifty pounds will be accepted or checked as baggage. This applies to all classes of baggage, including theatrical property checked or handled in regular baggage car or steamer.

5. Authority for checking.

Baggage will be checked only on presentation of passage ticket and will not be checked to any point beyond that to which ticket reads, nor by any route other than that designated by ticket. For passengers holding first class unlimited tickets, checks may be issued to any point short of destination, if so desired. Baggage will not be checked short of destination, on limited ticket, except on tourist tickets on which stop-over privileges are granted. Baggage may be checked on such tickets short of destination in accordance with such stop-over privileges. Checks must show junction points.

6. Free allowance.

(a) One hundred and fifty pounds of baggage will be allowed free for each passenger presenting full ticket or pass, and seventy-five pounds on half ticket. Half tickets presented by adults with special rate permit or clergyman's ticket will be treated as full ticket and all overweight will be charged for as excess baggage. On Trans-Pacific steamship business, where steamship ticket or order is presented in connection with railroad ticket to Trans-Pacific ports three hundred and fifty (350) pounds of baggage will be allowed on each full ticket of any class, and one hundred and seventy-five (175)

pounds on each half ticket. Baggage must not be checked beyond coast terminals.

(b) Charges for excess baggage should be prepaid.

(c) Baggage weighing in excess of free allowance thus authorized will be subject to charge per hundred (100) pounds in conformity with current Excess Baggage Tariff. Excess baggage rate must not be based on temporarily reduced special party or excursion passenger fare quoted from time to time.

(d) When checking to points on connecting lines, excess baggage checks must not be issued to any station beyond that to which the baggage is checked.

(e) When excess baggage collections are made an excess baggage check will be issued as a receipt for the amount paid. Only one excess baggage check will be issued on any one lot of baggage. The route and destination of check must correspond with that of passage ticket on which the baggage is checked.

7. Commercial samples.

(a) Commercial travellers may be allowed 300 pounds of samples when contained in sample trunks or sample cases (not wooden boxes) including personal baggage, free between points in Canada only upon presentation of valid commercial travellers railway privilege certificate (on which baggage privileges should be endorsed) together with commercial travellers' passage ticket, bearing corresponding number and designating letter, for example, "123 T." No special allowance beyond 150 pounds per ticket should be made commercial travellers presenting excursion tickets issued to the public even though commercial traveller's certificate is presented in connection with such ticket. Baggage must be checked only to destination of and via same route as passage ticket and must be weighed each time checked. Only one ticket will be honored for checking of any one lot of Commercial Travellers' samples.

(b) Commercial travellers presenting week-end tickets may have usual allowance of three hundred (300) pounds of personal or samples of merchandise checked free, either to destination of ticket or to a point short of destination of ticket, provided such point is on direct route of ticket. When baggage is checked to a point short of destination of week-end ticket, baggage privileges of both portion of week-end ticket may be cancelled with a "B.C." or "B." punch, or by having letters "B.C." written across the face of both portions of ticket. When passage tickets are dated ahead under provisions allowing same, baggage may be checked on the date of purchase to the destination of ticket under usual regulations.

NOTICE TO MARINERS.

No. 97 of 1905.

(Pacific Notice No. 19.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

BRITISH COLUMBIA.

(225) STRAIT OF GEORGIA—PORLIER PASS—HYDROGRAPHIC NOTES—SAILING DIRECTIONS.

Porlier pass, between Valdes and Galiano islands, has been recently resurveyed by Capt. J. F. Parry, R.N., H. M. Surveying Ship "Egeria." The Department is indebted to the courtesy of that officer for early information respecting several uncharted dangers in the pass.

The following corrections and additions are required to the plan of Porlier pass on Admiralty Chart No. 3,029 :—

(a) The detached rock marked just south of Virago point, and 150 yards from the shore abreast of it, has 5 feet over it, at low water, and is situated 50 yards nearer to the shore.

(b) The rock shown as having less than 6 feet over it at low water at a distance of 75 yards to the south-west of Race point, dries 4 feet at low water.

(c) Romulus rock was found to have 5 feet over it at low water, and to be the southeast extreme of a rocky patch 250 yards long in a N.W. by N. and S.E. by S. direction with maximum width of about one cable ; this rock is situated 50 yards nearer to Black rock than the position of the 2½ fathoms as previously shown.

Another rocky head with 4 feet over it at low water lies between Black and Romulus rocks, distant 140 yards from the latter.

(d) A shoal with least water of 24 feet over it at low water was found to be situated with South point bearing S. 37° E. distant 1¼ cables.

A small detached head having 30 feet over it at low water was also found outside of this, with South point bearing S. 37° E. distant 1½ cables.

(e) Black rock dries 11 feet at low water.

The rock shown at a cable's distance southeast from Black rock has 6 feet over it at low water.

(f) Between this last rock mentioned in (e), and the rocky patch described in (c) several 3 and 5 fathom heads were found.

Owing to the oblique direction of this channel with reference to the tidal streams and its very limited breadth, it is inadvisable for vessels to make use of it.

(g) The rock, lying close off the southeast of Virago rock, has 5 feet over it at low water.

(h) A large rocky patch having several heads with from 3 to 6 feet over them at low water was found nearly midway between Race point and the opposite shore of Valdes island.

From the southernmost head of this danger, Race point lighthouse bears S. 64° E. distant 2½ cables.

This patch is about 1¼ cables long in a N.N.W. and S.S.E. direction, and about 125 yards at its greatest breadth.

(i) A small rocky head with 30 feet over it at low water was found with Race point lighthouse bearing S. 22° E. distant 1½ cables.

DIRECTIONS FOR VESSELS ENTERING PORLIER PASS FROM THE NORTHWARD.

Pass the fairway buoy at a distance of about one cable, and bring the leading lights in line.

When about 2½ cables from Race point, gradually alter course to starboard to pass this point at a distance of a little less than a cable.

After passing Virago point at about the same distance, alter course to port, keeping the extreme of South point on a bearing of S. 26° E. until the two white beacons in the bay north of South point are in line, when Race point lighthouse should be brought just open of the high water line of Virago point, passing South point at a distance of a cable.

In entering from the north with a strong ebb, care must be taken that the tide does not set the vessel on Romulus rock, and with the flood stream running,

equal care must be exercised to avoid the rock to the southwest of Virago point.

NOTE.—The name of this pass has been corrected by the Geographic Board of Canada. The form "Portier" was merely a misprint. The name Porlier was given in 1791 by the Spanish explorers, and this form appears in all maps and books from Elisa to Sir James Douglas 1791-1852. N. to M. No. 97 (225) 13-10-05.

ARRÊTÉS EN CONSEIL.

[Renv. 98,996A]

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 4^e jour de novembre 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un mémorandum daté le 14 octobre 1905, du ministre de l'Intérieur, disant que par ordre en Conseil du 12 avril 1880, il a été établi un tarif légal de droits à être imposés par le ministre de l'Intérieur, pour copies de cartes, plans de townships, notes d'arpentages et autres titres, et qu'en vertu de ce tarif le prix de copies lithographiées des plans de townships est fixé à 50 centins la copie.

Le ministre soumet de plus que depuis que ce tarif a été établi il a été adopté de nouveaux procédés pour l'impression des plans qui en ont considérablement réduit le coût.

Le ministre, par conséquent, recommande que lorsque des plans de townships sont vendus le prix en soit réduit à dix centins la copie, ce qui couvrira amplement les frais d'impression.

Le comité soumet ce qui précède pour approbation.

JOHN J. MCGEE,

Greffier du conseil privé.

lequel sera accordé lorsque la chose sera jugée à propos, et le vaisseau sera aux risques du propriétaire, et Sa Majesté ne sera pas responsable des avaries que pourrait subir ce vaisseau ainsi hiverné, que ces avaries proviennent de l'abaissement de l'eau, ou de l'écoulement ou du remplissage du canal, avec ou sans avis au propriétaire ou à la personne en charge du dit vaisseau, ou soient dues à la négligence de la part de toute personne ou de tout officier, serviteur ou agent de Sa Majesté, ou provenant de toute autre cause que ce soit."

Mercredi, le 8^e jour de novembre 1905.

PRESENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en vertu des dispositions de l'Acte des chemins de fer de l'Etat, chapitre 38 des Statuts révisés du Canada, d'ordonner que les règles et règlements ci-joints, concernant le transport du bagage sur les chemins de fer Intercolonial et de l'Île du Prince-Edouard, soient adoptés et établis, et ils sont par le présent adoptés et établis en conséquence.

JOHN J. MCGEE,

Greffier du Conseil privé.

CHEMIN DE FER INTERCOLONIAL ET CHEMIN DE FER DE L'ÎLE DU PRINCE-EDOUARD, CANADA.

RÈGLES ET RÈGLEMENTS CONCERNANT LE TRANSPORT DU BAGAGE.

1. Bagage.

(a) Le bagage consiste des hardes et des effets personnels des voyageurs qui sont nécessaires à leur trajet, et seront chéqués sur présentation du billet régulier lorsqu'ils sont renfermés dans des réceptables fermés à clé qui assurera le transport sûr, tels que coffres, valises, portemanteaux, sacs à main et boîtes en cuir pour chapeau. Les articles précieux, tels que bijouterie, diamants, etc., ne seront pas considérés des effets personnels, et le chemin de fer n'en prendra pas la responsabilité.

(b) Les coffres, valises, télescopes, sacs de voyage, boîtes de grandeur moyenne (contenant des effets personnels, et munis de poignées convenables), les poches de matelot et d'émigrant, qui ne sont pas solidement fermés à clé, ne seront pas reçus ou chéqués, sauf avec l'entente qu'il ne sera pas encouru de responsabilité pour perte d'articles que contenaient ces poches.

(c) Les articles ci-dessous seront seuls chéqués et transportés entièrement au risque du propriétaire (formule 459 à être signée) :—Les coffres à outils, les fusils dans des étuis, les chaises de steamer et d'invalides, les instruments d'arpenteurs à leur pesanteur réelle (entre des stations en Canada seulement), les accessoires de club dans des réceptables fermés, les *curling stones*, les accessoires de compagnies de théâtre, les matières d'annonce de théâtre (dont le poids doit être ajouté au bagage que les voyageurs peuvent avoir).

(d) Les articles suivants ne seront pas transportés comme bagage :—Colis de papier, paquets (à moins d'être solidement ceinturés de canevas ou de corde), cartons à chapeaux, cages d'oiseau, boîtes ou barils de fruits, marchandises, meubles, effets de ménage, matière explosive, instruments de jeu, échantillons de poêles à l'huile ou à gasoline) ou tous articles qui ne constituent pas du bagage proprement dit.

2. Voitures d'enfants.

Les voitures et traîneaux d'enfants, ou autres voitures semblables, lorsqu'ils sont convenablement marqués sans garantie et lorsqu'ils ne contiennent que des articles nécessaires, tels que oreillers, robes ou couvertures peuvent être chéqués au même taux que pour cinquante livres de bagage supplémentaire. Pas mo n

que 25 centins. Cette taxe est distincte et n'a pas de rapport à la taxe pour excédent de bagage proprement dit.

3. Bicycles, etc.

(a) Les bicycles et articles semblables seront reçus ou chéqués et transportés dans les wagons à bagage ou vapeurs lorsqu'ils seront accompagnés des voyageurs munis d'un billet régulier, et seront taxés conformément au tarif des bicycles. Il ne sera chéqué qu'un seul bicycle par voyageur.

(b) Les cycles en cages, pesant plus de 250 livres, ou les cycles ou véhicules semblables ayant plus de trois sièges, ou qui ont plus de dix pieds de longueur, ne seront pas transportés comme bagage.

(c) Les lampes, cyclomètres, cloches, sacs à outils et autres attachés devront être enlevés avant que le bicycle soit accepté, autrement ils seront transportés au risque du propriétaire, de même que les selles ou autres attachés liés aux cages contenant des bicycles.

(d) Dans le cas de trains d'excursion spéciaux (d'un jour) lorsqu'un wagon à bagage est fourni pour la commodité spéciale des excursionnistes, et qu'il n'y a pas de préposé au bagage en charge, les membres du parti pourront charger leurs bicycles (sans billets de bicycle) dans le dit wagon avec les paniers aux provisions et autres accessoires incidents à l'occasion, et les articles seront aux soins exclusifs des propriétaires et transportés sans frais à leur propre risque.

(e) Les coffres contenant des bicycles seront traités comme les coffres contenant d'autres articles ou échantillons, et la même allocation sera faite pour le billet de passage, mais les bicycles en caisses, encagés, ou emboîtés seront taxés comme tels.

(f) Les automobiles, cycles-moteurs, tricycles-moteurs, ou autres articles semblables, ne seront pas transportés comme bagage.

(g) Les mécanigraphes, tables à compter, les registres à argent, les gramophones et autres articles semblables, lorsqu'ils sont encaissés, encagés ou emboîtés, ne doivent pas être chéqués. Toutefois, s'ils sont enfermés dans des malles d'échantillons, ils pourront être chéqués.

4. Limite du poids d'une seule pièce.

Nulle pièce de bagage, sauf le bagage de l'immigrant étranger, pesant plus de deux cent cinquante livres ne sera acceptée ou chéquée comme bagage. Ceci s'applique à toutes les catégories de bagage, y compris les effets de théâtre chéqués ou mis dans le wagon à bagage régulier ou le steamer.

5. Autorité pour chéquer.

Le bagage ne sera chéqué que sur présentation du billet de passage, et ne sera pas chéqué à aucun point au-delà du point marqué sur le billet, ni par aucune autre route que celle désignée par le billet. Quant aux voyageurs portant des billets de première classe illimités, des chèques pourront être donnés pour tout point en deça de la destination, si on le désire. Le bagage ne sera pas chéqué pour en deça de la destination sur les billets limités, sauf sur les billets de touriste qui comportent les privilèges d'arrêt. Le bagage peut être chéqué sur ces billets en deça de la destination conformément à ces privilèges d'arrêt. Les chèques doivent montrer les points de jonction.

6. Bagage gratuit.

(a) Cent cinquante livres de bagage seront allouées à chaque voyageur présentant un billet complet ou passe, et soixante-quinze sur un demi-billet. Les demi-billets présentés par des adultes avec permis de taux spécial ou billet de clergyman seront traités comme billet complet, et tout excédent de poids sera taxé comme bagage supplémentaire. Sur les vapeurs transpacifiques, où le billet de steamship ou ordre est présenté en conjonction avec un billet de chemin de fer à des ports transpacifiques, il sera alloué trois cent cinquante (350) livres de bagage sur chaque billet complet de toute classe, et cent soixante-quinze (175) livres sur chaque demi-billet. Le bagage ne doit pas être chéqué pour au-delà des points terminaux de la côte.

(b) Les frais pour excédent de bagage doivent être payés d'avance.

(c) Le bagage pesant plus que la tolérance autorisée sera assujéti à la taxe par cent (100) livres, selon le tarif de bagage supplémentaire. La taxe sur le bagage supplémentaire ne doit pas être basée sur un prix de passage temporairement réduit pour un parti spécial ou une excursion.

(d) En chéquant pour des points sur les lignes correspondantes, les chèques de bagage supplémentaire ne doivent pas être donnés pour aucune station au-delà de celle pour laquelle le bagage est chéqué.

(e) Lorsque des frais sont exigés pour bagage supplémentaire, un chèque de bagage supplémentaire doit être donné comme reçu pour le montant payé. Un seul chèque de bagage supplémentaire sera donné pour un lot de bagage. La route et la destination du chèque doivent correspondre avec celles du billet de passage sur lequel le bagage est chéqué.

7. Échantillons de marchandises.

(a) Aux voyageurs de commerce on pourra allouer sans frais 300 livres d'échantillons lorsqu'ils sont contenus dans des coffres ou caisses d'échantillons (pas des boîtes en bois) y compris le bagage personnel entre des points en Canada seulement sur présentation d'un bon certificat de privilège de voyageur de commerce (sur lequel certificat les privilèges de bagage seront endossés) ainsi que le billet de passage du voyageur portant un numéro correspondant et une lettre, par exemple, "123 T". Nulle allocation spéciale au delà de 150 livres par billet ne sera faite aux voyageurs de commerce présentant des billets d'excursion délivrés au public, bien que le certificat du voyageur de commerce soit présenté en même temps que ce billet. Le bagage ne doit être chéqué que pour la destination et la même route que le billet de passage, et doit être pesé chaque fois qu'il est chéqué. Un seul billet suffira pour chéquier un lot quelconque d'échantillons de marchandises.

(b) Les voyageurs de commerce qui présentent des billets de fin de semaine pourront faire chéquier gratuitement 300 (300) livres d'effets personnels ou d'échantillons de marchandises, soit jusqu'à la destination du billet ou jusqu'à un point en deça de la destination du billet, pourvu que ce point soit sur la route directe du billet. Lorsque du bagage est chéqué jusqu'à un point en deça de la destination du billet de fin de semaine, les privilèges de bagage des deux parties du billet de fin de semaine peuvent être annulés par poinçon "B.C." ou "B.", ou en écrivant sur la face des deux parties du billet les lettres "B.C." Lorsque des billets de passage sont ant-datés en vertu de dispositions qui le permettent, le bagage peut être chéqué sur la date de l'achat jusqu'à la destination du billet, sous les règlements ordinaires.

(c) Les frais pour bagage supplémentaire peuvent être perçus directement à toute station sur le chemin de fer Intercolonial, et un Excess Check, formule "C" indiquant le nombre de pièces, etc., émis pour permettre la perception. Si un voyageur de commerce portant cet Excess Check désire arrêter à une ou plusieurs stations en route, le bagage pourra être chéqué pour la station où il désire arrêter, pourvu qu'elle soit sur la route régulière reconnue pour laquelle cet Excess Check a été émis, et le propriétaire doit produire le billet de passage indiquant la station où l'arrêt est désiré, et le bagage doit être chéqué pour cette station seulement. Quand il y a un nombre de pièces de bagage appartenant à un voyageur de commerce, le bagage ne doit pas être divisé et taxé en différents lots. Pas plus que 300 livres ne seront allouées à un seul et même voyageur de commerce.

(d) Le bagage supplémentaire ne doit pas être taxé pour aucune station qui n'est pas pourvue des facilités convenables pour peser et percevoir l'excédent de bagage.

(e) La taxe pour tout excédent de poids, au delà de l'allocation gratuite de 300 livres sur chaque billet, se fera d'après le tarif du bagage supplémentaire.

8. Transport des chiens.

(a) Les chiens munis d'un bon collier et d'une chaîne solidement attachée, ou en cages, qui ne sont pas destinés à des expositions ou à des courses, seront transportés dans les wagons à bagage au risque du proprié-

taire (formule 459 à signer) lorsqu'ils sont accompagnés des propriétaires ou gardiens, qui devront présenter un bon billet de passage au préposé aux bagages ou à l'agent lors de l'envoi.

(b) La taxe pour chaque chien sera la même que pour 100 livres de bagage supplémentaire (voir tarifs courants).

(c) Pas plus que deux (2) chiens par voyageur ne seront transportés dans le wagon aux bagages.

(d) Les chiens appartenant à des partis de théâtre seront transportés aux conditions qui règlent le transport de la propriété de théâtre.

9. Bateaux.

(a) Quand la chose est convenue d'avance, les chaloupes de course, si elles sont accompagnées des propriétaires, peuvent être transportées sur les trains à voyageurs, au risque du propriétaire, au prix courant du tarif. Les propriétaires devront enlever les outriggers avant de placer la chaloupe sur le train. Des chèques de bagage supplémentaire doivent être donnés pour les montants perçus.

(b) Les canots, esquifs, et autres embarcations ne seront pas mis dans les wagons à bagage, mais doivent être expédiés par fret ou messagerie. Ceci ne s'applique pas aux chaloupes par sections ou planties qui peuvent être pliées ou mises en paquets n'excédant pas six pieds de longueur, et qui seront acceptées comme partie de l'équipage d'un chasseur ou campeur.

10. Effets de campement.

(a) Pour un territoire limité, tel qu'autorisé par le tarif courant pour les sportsmen et campeurs, seuls ou en partis, en expéditions de campement, de chasse ou de pêche, deux cents (200) livres de bagage, y compris l'équipage des chasseurs et campeurs, seront chéqués gratis sur chaque billet complet, et cent (100) livres pour chaque demi-billet. L'équipage d'un chasseur et campeur peut se composer de tentes, petits paquets de literie, lits pliants, chaises de camp, ustensiles de cuisine, et provisions en petites quantités emballées dans des réceptacles convenables de façon à pouvoir être chéqués, empilés et manipulés comme bagage ordinaire; aussi des fusils dans des étuis de cuir ou de canevas. Cette allocation peut aussi comprendre 50 livres de poisson pris ou de gibier tué, bien encaissé, (pourvu qu'il ait été pris dans la saison ouverte et soit porté selon la loi), mais les cadavres de cerfs, ours, ou autre gros gibier pesant plus de 50 livres ne seront pas transportés gratuitement et rien ne sera alloué. Ces cadavres peuvent être expédiés par messagerie ou par fret; et pas plus de 50 livres de poisson ou de gibier ne seront chéqués sur un seul billet, même en payant les taux de bagage supplémentaire, (toutes quantités excédant 50 livres peuvent être expédiées par messagerie ou fret).

(b) Tous les articles qui ne sont pas ordinairement réputés bagage seront transportés au risque du propriétaire.

(c) Les meubles, barils, sacs de farine ou autres articles encombrants de cette nature ne doivent pas être chéqués ni expédiés dans les wagons à bagage.

11. Bagage théâtral.

(a) Les hardes, décors de théâtre, instruments de musique, scènes et animaux vivants, lorsque convenablement attachés ou encagés, employés à des pièces de théâtre ou autres amusements publics, peuvent être transportés dans les wagons à bagage sur les trains réguliers, à certaines conditions—cent cinquante (150) livres seront portées pour chaque billet complet et soixante-quinze (75) livres pour chaque demi-billet. Si ces objets ne sont pas encagés de manière à ce que le poids réel puisse être facilement constaté, on estimera à 250 livres chaque poney et chaque âne, et à 100 livres chaque chien savant.

(b) Les animaux ou autre simple pièce de théâtre pesant plus de 250 livres ne seront transportés que dans des wagons à bagage spéciaux.

(c) Chaque fois que des animaux sont transportés dans les wagons réguliers à bagage ou dans des wagons spéciaux, des contrats devront être exécutés subordonnement aux règles et règlements de fret concer-

nant le voiturage de bestiaux, et la signature à ce contrat devra être obtenue à l'endroit primitif du contrat, de façon à protéger toutes les lignes intéressées.

(d) Tout bagage scénique et propriété excédent l'allocation autorisée dans le présent article doit être taxé aux taux réguliers du bagage supplémentaire, lorsqu'il est transporté dans les wagons à bagage réguliers sur les trains réguliers.

(e) Des wagons à bagage spéciaux (qu'ils soient possédés ou loués par le parti ou fournis par la compagnie de chemin de fer) sur les trains réguliers, seront taxés selon le tarif courant.

(f) Lorsque des wagons à bagage spéciaux sont fournis et que le bagage et les effets du parti ne peuvent y contenir tous, nécessitant qu'une partie soit expédiée dans le wagon à bagage régulier, l'excédent doit être taxé au taux régulier de bagage supplémentaire pour la partie qui n'est pas transportée dans le wagon à bagage spécial, sauf que l'allocation régulière pourra être faite pour tous billets en sus du nombre requis par wagon pour couvrir le service spécial de wagon à bagage.

12. Emmagasinement.

(a) Les frais d'emmagasinage seront exigés sur chaque pièce de bagage, à l'entrée ou à la sortie, chéquée ou non, restant aux stations plus longtemps que vingt-quatre heures, comme suit :—Premières vingt-quatre heures, gratis; deuxième vingt-quatre heures, ou fraction de vingt-quatre heures, vingt-cinq (25 cts); et pour chaque vingt-quatre heures ensuivantes, ou fraction de vingt-quatre heures, dix (10 cts). Sauf, que le bagage arrivant aux gares entre midi le samedi et midi de dimanche sera gardé sans frais jusqu'à midi le lundi suivant: les frais d'emmagasinage doivent comprendre les dimanches et les fêtes statutaires lorsque le bagage a été marqué pour emmagasinage avant le dimanche ou la fête statutaire qui intervient.

(b) Le bagage d'échantillons appartenant aux voyageurs de commerce munis de certificat de voyageur de commerce sera emmagasiné en Canada sans frais depuis 13.00 heures vendredi jusqu'à minuit du lundi suivant, alors que l'emmagasinage commencera, au lieu de commencer à midi le lundi.

(c) Tout bagage sera emmagasiné au risque du propriétaire.

13. Paiements sur livraison.

(a) Tous les frais pour excédent de bagage, emmagasinage et transport sont supposés être perçus par l'agent expéditeur, mais si du bagage est reçu d'une ligne correspondante avec ordre de percevoir les frais dus, ou chaque fois qu'il est nécessaire d'expédier cette propriété à destination pour percevoir les frais, elle devra être expédiée sous un ordre "C. O. D." imprimé sur carton bleu, donnant des instructions explicites quant à la perception, indiquant le montant à percevoir, pour-quoi, et comment il doit être crédité.

(b) Sur le bagage expédié de haltes ou autres stations non pourvues de facilités pour le bagage, les frais de bagage supplémentaire ou autres frais seront perçus à la destination.

14. Identification de station.

(Chèques de réclamation.)

(a) Tout bagage délivré à des stations par des lignes de transfert ou par des employés de messagerie ou par des individus devront porter un chèque de réclamation, ou le préposé aux bagages doit être requis d'émettre un chèque de réclamation lorsque le bagage est reçu.

(b) Aucune responsabilité ne sera assumée par le voiturier pour bagage laissé sur le terrain de la station à moins qu'il porte un chèque de réclamation, ou un chèque d'identification comme susdit, sauf si le billet de passage a été présenté et le bagage chéqué à destination.

15. Règlements généraux.

(a) Le bagage doit être délivré à la gare à temps suffisant avant le départ régulier du train ou du vapeur sur lequel il doit partir, afin de donner le temps de peser, percevoir et donner les reçus voulus.

(b) Si un voyageur qui a perdu son contre-chèque demande son bagage, et peut prouver son droit de propriété en énumérant exactement le contenu de l'article

réclamé, le bagage pourra lui être délivré contre paiement de vingt-cinq (25) centins pour la perte du contre-chèque, et en signant un reçu en double le montant perçu sera remboursé contre le retour du chèque à la compagnie de transport.

(c) La responsabilité de la compagnie de transport pour toute perte ou avarie provenant d'une cause quelconque au bagage chèque pour des points au-delà de sa ligne, cesse aussitôt que le bagage est confié au voiturier ensuivant.

(d) La compagnie de transport ne garantira pas de porter ou expédier le bagage sur le même train ou le même steamer que le voyageur, et si le bagage d'un voyageur est perdu ou avarié, la compagnie de transport ne sera responsable que pour la somme de \$50.

(e) Si un voyageur désire ouvrir son bagage pour en retirer quelque article après avoir été chèque, et sur identification, l'agent ou le préposé aux bagages feront remplir la formule 459.

Frais minimum à percevoir sur un lot quelconque de bagage, vingt-cinq centins.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 16th October, 1905, from the Minister of the Interior, stating that Messrs. Jones and Webster, of Saskatchewan Landing, Saskatchewan, have made application to purchase under the irrigation system the S.W. $\frac{1}{4}$ of Section 25, and the N.E. $\frac{1}{4}$ of Section 24, Township 21, Range 19, and the S.W. $\frac{1}{4}$ and

the S.E. $\frac{1}{4}$ of Section 19, and the W. $\frac{1}{2}$ of Section 21, Township 21, Range 18, all west of the Third Meridian, containing an aggregate area of 779.10 acres.

The Minister further states that the lands applied for are vacant and available for the required purpose; and that the applicants would appear to be acting in good faith in the matter; also that it would not be, in his opinion, detrimental to the public interest if their application were favourably considered.

The Minister, therefore, recommends that he be authorized to sell to Messrs. Jones and Webster the lands above described, upon their complying with the irrigation requirements of the North-west Government as to the irrigation of the land and the construction of the irrigation works, at the usual rate of \$3.00 per acre, subject to the deduction of the cost of construction of the irrigation works, but such deduction not in any case to bring the price below \$1.00 per acre.

The Committee submit the same for approval.

AT THE GOVERNMENT HOUSE AT OTTAWA,

Wednesday, the 29th day of November, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated the 18th November, 1905, from the Minister of the Interior, stating that representations having been made to him that a number of Half-Breeds, residents of the Athabaska and Peace River Country, covered by Indian Treaty No. 8, which was concluded in 1899, had heretofore been unable, owing to their absence in remote parts of such territory, to present their claims to share in the Half-Breed grant of scrip and that they were desirous of being

given an opportunity of submitting the necessary evidence in support of such claims, Mr. H. A. Conroy, Inspector for Indian Treaty No. 8, was instructed last spring on his annual visit to the territory above mentioned in connection with the Indian Treaty payments, to receive evidence under oath in support of their claims to scrip from such Half-Breeds as might appear before him for that purpose.

The Minister has recently received from Mr. Conroy the evidence taken by him, under the said instructions, in sixty applications to share in the grant of scrip in question.

The Minister, therefore, recommends that he be authorized to deal with these claims on the same basis as similar claims were dealt with and under the provisions of paragraph "f" of section 90 of The Dominion Lands Act, as amended by section 4 of chapter 16 of the Act 62-63 Victoria, to issue scrip to such of the claimants as may be found entitled thereto, after their claims have been examined and passed upon in the usual way.

The Committee submit the same for approval.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased, in virtue of the provisions of The Government Railways Act, chapter 38 of the Revised Statutes of Canada, to order that the annexed Rules and Regulations for the carriage of baggage on the Intercolonial and Prince Edward Island Railways be adopted and established and the same are hereby adopted and established accordingly.

JOHN J. McGEE,

Clerk of the Privy Council.

INTERCOLONIAL RAILWAY AND PRINCE EDWARD ISLAND RAILWAY OF CANADA.

RULES and Regulations for the carriage of baggage
in effect 4th June, 1905.

1. Baggage.

(a) Baggage consists of the wearing apparel and such personal effects of passengers as may be necessary for their journey, and will be checked, on presentation of the proper passage ticket, when enclosed in locked receptacles which will insure safe transportation, such as trunks, valises, satchels, suit-cases and leather hat boxes. Valuable articles such as jewelry, diamonds, etc., will not be considered as personal effects and the railway will not accept responsibility therefor.

(b) Trunks, valises, telescopes, travelling bags, medium sized boxes (containing personal effects, and provided with suitable handles), sailor and emigrant bags, which are not securely locked, will not be received or checked, except with the understanding that no liability will be assumed for loss of articles therefrom.

(c) The following articles only will be checked and carried entirely at Owner's Risk.—(Form 459 to be signed):—Tool chests, guns in cases, steamer and invalids' chairs, surveyors instruments at actual weight (between stations in Canada only), club paraphernalia in closed receptacles, curling stones, paraphernalia of theatrical companies, theatrical advertising matter (the weight of which is to be added to such baggage as passengers may have).

(d) The following articles will not be carried as baggage:—Paper packages, bundles (unless securely canvased or roped), band boxes, bird cages, boxes or bar-

rels of fruit, merchandise, furniture, household goods, explosive matter, gambling devices, sample oil or gasoline stoves, or any articles that are not properly baggage.

2. Baby Carriages.

Baby carriages, go-carts, baby sleighs, or similar vehicles, when properly released and when containing only necessary articles such as pillows, robes or blankets may be checked subject to the same charge as for fifty pounds of excess baggage. No less charge than 25 cents. This charge is separate from and has no connection with the charge for excess baggage proper.

3. Bicycles, etc.

(a) Bicycles and similar vehicles will be ticketed or checked and carried in baggage cars or steamer when accompanied by passengers presenting proper passage ticket, and will be charged for in conformity with current bicycle tariff. Not more than one bicycle will be checked for a passenger.

(b) Cycles crated, weighing over 250 pounds, or cycles or similar vehicles having more than three seats, or which are more than ten feet in length, will not be carried as baggage.

(c) Lamps, cyclometers, bells, tool bags and other attachments should be removed before the bicycle is accepted, otherwise they will be carried at owner's risk, same to apply to saddles or other attachments fastened to crates containing bicycles.

(d) In case of special (one day) excursion trains where a baggage car is furnished for the special convenience of excursionists and there is no baggageman in charge, the members of the party may be allowed to load their bicycles (without bicycle tickets) in such car with baskets of provisions and other paraphernalia incidental to the occasion, and the articles being in the exclusive care and custody of the owners and carried free at their own risk.

(e) Trunks containing bicycles will be treated the same as trunks containing other articles or samples, and the usual allowance made for passage ticket. But bicycles when cased, crated or boxed will be charged for.

(f) Automobiles, motor-cycles, motor-tricycles, or similar vehicles shall not be carried as baggage.

(g) Typewriters, Computing Scales, Cash Registers, Gramophones and similar articles when cased, crated or boxed, must not be checked. When enclosed in regular sample trunks, however, they may be checked.

4. Limit of weight of single piece.

No piece of baggage, except foreign immigrant baggage, weighing over two hundred and fifty pounds will be accepted or checked as baggage. This applies to all classes of baggage, including theatrical property checked or handled in regular baggage car or steamer.

5. Authority for checking.

Baggage will be checked only on presentation of passage ticket and will not be checked to any point beyond that to which ticket reads, nor by any route other than that designated by ticket. For passengers holding first class unlimited tickets, checks may be issued to any point short of destination, if so desired. Baggage will not be checked short of destination, on limited ticket, except on tourist tickets on which stop-over privileges are granted. Baggage may be checked on such tickets short of destination in accordance with such stop-over privileges. Checks must show junction points.

6. Free allowance.

(a) One hundred and fifty pounds of baggage will be allowed free for each passenger presenting full ticket or pass, and seventy-five pounds on half ticket. Half tickets presented by adults with special rate permit or clergyman's ticket will be treated as full ticket and all overweight will be charged for as excess baggage. On Trans-Pacific steamship business, where steamship ticket or order is presented in connection with railroad ticket to Trans-Pacific ports three hundred and fifty (350) pounds of baggage will be allowed on each full ticket of any class, and one hundred and seventy-five (175)

pounds on each half ticket. Baggage must not be checked beyond coast terminals.

(b) Charges for excess baggage should be prepaid.

(c) Baggage weighing in excess of free allowance thus authorized will be subject to charge per hundred (100) pounds in conformity with current Excess Baggage Tariff. Excess baggage rate must not be based on temporarily reduced special party or excursion passenger fare quoted from time to time.

(d) When checking to points on connecting lines, excess baggage checks must not be issued to any station beyond that to which the baggage is checked.

(e) When excess baggage collections are made an excess baggage check will be issued as a receipt for the amount paid. Only one excess baggage check will be issued on any one lot of baggage. The route and destination of check must correspond with that of passage ticket on which the baggage is checked.

7. Commercial samples.

(a) Commercial travellers may be allowed 300 pounds of samples when contained in sample trunks or sample cases (not wooden boxes) including personal baggage, free between points in Canada only upon presentation of valid commercial travellers railway privilege certificate (on which baggage privileges should be endorsed) together with commercial travellers' passage ticket, bearing corresponding number and designating letter, for example, "123 T." No special allowance beyond 150 pounds per ticket should be made commercial travellers presenting excursion tickets issued to the public even though commercial traveller's certificate is presented in connection with such ticket. Baggage must be checked only to destination of and *via* same route as passage ticket and must be weighed each time checked. Only one ticket will be honored for checking of any one lot of Commercial Travellers' samples.

(b) Commercial travellers presenting week-end tickets may have usual allowance of three hundred (300) pounds of personal or samples of merchandise checked free, either to destination of ticket or to a point short of destination of ticket, provided such point is on direct route of ticket. When baggage is checked to a point short of destination of week-end ticket, baggage privileges of both portion of week-end ticket may be cancelled with a "B.C." or "B" punch, or by having letters "B.C." written across the face of both portions of ticket. When passage tickets are dated ahead under provisions allowing same, baggage may be checked on the date of purchase to the destination of ticket under usual regulations.

(c) Excess baggage charges may be collected through to any station on the Intercolonial Railway, and Excess Check, Form "C," showing the number of pieces, etc., issued to cover collection. If a commercial traveller holding such Excess Check wishes to stop over at one or more stations en route, baggage may be checked to station where stop-over is desired, provided it is on regular recognized route for which Excess Check was issued, and owner must produce passage ticket reading to station where stop-over is desired, and baggage must be checked to that station only. Where there are a number of a pieces of baggage belonging to one commercial traveller, baggage must not be divided and excessed in different lots. Not more than 300 pounds will be allowed for any one commercial traveller.

(d) Baggage should not be excessed to any station where there are not proper facilities for weighing and collecting excess.

(e) Charge for all excess weight, over free allowance of 300 pounds on each ticket, at the current excess baggage rate as per Excess Baggage Tariff.

8. Transportation of dogs.

(a) Dogs provided with properly fitting collar and chain securely attached, or in crates, not intended for exhibition or field trials, will be transported in baggage cars at owner's risk (Form 459 to be signed), when accompanied by owners or caretakers, who must present valid passed ticket to station baggageman or agent at time of shipment.

(b) Charge for each dog will be the same as for 100 pounds excess baggage (See current tariffs).

(c) Not more than two (2) dogs per passenger will be transported in baggage car.

(d) Dogs belonging to theatrical parties will be carried according to instructions governing theatrical property.

9. Boats.

(a) When arranged for in advance, racing shells, if accompanied by passenger, may be carried on passenger trains, at owner's risk, at the current rate as per tariff. Outriggers must be removed by owners before the boat is placed on the train. Excess baggage checks must be issued for the amounts collected.

(b) Canoes, skiffs and other boats will not be taken in baggage cars, but must be forwarded by freight or express. This will not apply to sectional or folding boats that can be folded or done up in package not exceeding six feet in length, which may be accepted as part of hunter's or camper's equipage.

10. Camp equipage.

(a) To limited territory, as authorized by current tariff for sportsmen and campers, singly or in parties, on camping, hunting or fishing expeditions two hundred (200) pounds of baggage, including sportsmen's and campers' outfit, will be checked free on each full ticket, and one hundred (100) pounds on each half ticket. Sportsmen's and campers' outfit may consist of tents, small bundles of bedding, folding cots, camp chairs, cooking utensils and provisions in small quantities packed in proper receptacles so that they can be checked, piled and handled as ordinary baggage; also guns in wooden, leather or canvas cases. This allowance may also include 50 pounds of fish caught or game killed, properly encased (provided the same has been taken within the legal season and is carried according to the law), but whole carcasses of deer, bear or other large game more than 50 pounds in weight will not be carried free or any allowance made thereon. Such carcasses may be shipped by express or freight; nor will more than 50 pounds of fish or game be checked on any one ticket, even on payment of excess baggage rates (all quantities in excess of 50 pounds may be forwarded by express or freight).

(b) All such articles not commonly regarded as baggage will be carried entirely at owner's risk.

(c) Furniture, barrels, bags of flour or other bulky articles of that nature must not be checked or forwarded in baggage car.

11. Theatrical Baggage.

(a) Wearing apparel, stage properties, musical instruments, scenery and live animals when properly secured or crated, used for staging theatrical performances or other public entertainments, may be transported in baggage cars on regular trains subject to limitations—one hundred and fifty (150) pounds will be carried for each full and seventy-five (75) pounds for each half ticket. If not crated so that actual weight may be readily ascertained, estimates at 250 pounds weight for each pony and each donkey, and at 100 pounds for each performing dog.

(b) Animals or single piece of stage property weighing more than 250 pounds will be carried only in special baggage cars.

(c) In all cases where animals are transported whether in regular or special baggage cars, live stock contract must be executed subject to the usual freight rules and regulations governing the carriage of live stock, and signature to such contract must be obtained at the original contracting point so as to protect all lines in interest.

(d) All baggage scenery and property in excess of the allowance authorized in this section will be charged for at regular excess baggage rates, when transported in regular baggage cars on regular trains.

(e) Special baggage cars (whether owned or leased by party or supplied by railway company) on regular trains will be charged for in accordance with current tariff.

(f) When special baggage cars are supplied and the party's baggage and effects cannot be contained therein,

requiring a portion to be forwarded in the regular baggage car, excess must be charged at regular excess baggage rate on the portion not carried in the special baggage car or cars, except that regular allowance may be made for any tickets over the number required per car to cover special baggage car service.

12. Storage.

(a) Storage will be charged on each piece of baggage, either inbound or outbound, checked or not checked, remaining at stations over twenty-four hours, as follows: First twenty-four hours, free; second twenty-four hours or fraction thereof, twenty-five (25) cents; and for each succeeding twenty-four hours or fraction thereof, ten (10) cents. Except that baggage arriving at stations between 12.00 o'clock noon Saturday and 12.00 noon Sunday will be held without charge until 12.00 noon the following Monday; charges for storage must include Sundays and Dominion holidays when baggage has been marked for storage previous to Sunday or Dominion holidays intervening.

(b) Sample baggage belonging to commercial travellers holding proper commercial traveller's certificate will be stored in Canada free of charge from 13.00 o'clock Friday until midnight the Monday following, when storage will commence, instead of at noon on Monday.

(c) All baggage will be stored at owner's risk.

13. C. O. D. Collections.

(a) It is intended that all charges for excess baggage, storage and transfer charges should be collected by the forwarding agent, but when baggage is received from a connecting line to collect charges that have accrued, or in any case where it is necessary to forward such property to destination to collect charges, it should be forwarded under a C. O. D. check printed on blue cardboard, and giving explicit direction as to collections, showing amount to be collected, what for, and how, it should be credited.

(b) On baggage forwarded from flag stations or other stations not provided with baggage facilities, the charges for excess baggage or other charges will be collected at destination.

14. Station Identification.

(Claim checks.)

(a) All baggage delivered at stations by transfer lines or express men or by individuals should bear a claim check or the station baggageman must be requested to issue a station identification claim check when the baggage is received.

(b) No responsibility will be assumed by the carrier for baggage left on station premises unless it bears claim check or a station identification claim check as above, unless passage ticket has been presented and baggage checked to destination.

15. General Rules.

(a) Baggage must be delivered at the station in sufficient time before scheduled departure of the train or steamer on which it is intended to go, in order to afford time to weigh, make collection and give proper receipts.

(b) In cases where passenger has lost a duplicate check calling for baggage, and can prove ownership of same by accurately enumerating contents of article claimed, same may be delivered on payment of twenty-five (25) cents for loss of duplicate and by signing a lost duplicate receipt — amount collected will be refunded on return of check to the transportation company.

(c) The liability of the transportation company for any loss or damage caused by any means whatsoever to baggage checked to points beyond its line shall cease as soon as baggage is handed to the next connecting carrier.

(d) Transportation company does not guarantee to carry or forward baggage on same train or steamer with passenger, and in the event of any passenger's baggage being lost or damaged the transportation company will not be responsible for any sum greater than \$50.00.

(e) When passengers wish to open their baggage for removal of articles, after it is checked, and upon identification, the agent or baggage-master must have Form 459 executed.

ATTENDU que les règlements gouvernant l'émission de licences et de permis annuels de coupe de bois sur les terres fédérales dans les provinces de Manitoba, Saskatchewan et Alberta, les Territoires du Nord-Ouest et la zone de chemin de fer dans la province de la Colombie-Britannique, établis par ordre en Conseil du 1er juillet 1898, et des ordres en Conseil subséquents, prescrivent que le bois sur les terres fédérales ne peut être acquis pour les fins d'exploitation des houillères, excepté que par concurrence publique, et que les propriétaires et exploitants de terrains houillers sont de ce fait grandement incommodés ;

Par conséquent, il a plu au Gouverneur général en Conseil, dans le but d'encourager le développement de l'industrie houillère, d'ordonner que les dits règlements soient, et ils sont par le présent amendés de manière à ce qu'il soit accordé, sans concurrence, aux propriétaires et exploitants de terrains houillers, des permis de couper le bois dont ils peuvent avoir besoin pour le développement de leurs mines, sur paiement des droits suivants :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un mémorandum daté le 14 octobre 1905, du ministre de l'Intérieur, disant que par ordre en Conseil du 12 avril 1880, il a été établi un tarif légal de droits à être imposés par le ministre de l'Intérieur, pour copies de cartes, plans de townships, notes, d'arpentages et autres titres, et qu'en vertu de ce tarif le prix de copies lithographiées des plans de townships est fixé à 50 centins la copie.

Le ministre soumet de plus que depuis que ce tarif a été établi il a été adopté de nouveaux procédés pour l'impression des plans qui en ont considérablement réduit le coût.

Le ministre, par conséquent, recommande que lorsque des plans de townships sont vendus le prix en soit réduit à dix centins la copie, ce qui couvrira amplement les frais d'impression.

Le comité soumet ce qui précède pour approbation.

PRESENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en vertu des dispositions de l'Acte des chemins de fer de l'Etat, chapitre 38 des Statuts révisés du Canada, d'ordonner que les règles et règlements ci-joints, concernant le transport du bagage sur les chemins de fer Intercolonial et de l'Île du Prince-Edouard, soient adoptés et établis, et ils sont par le présent adoptés et établis en conséquence.

JOHN J. McGEE,
Greffier du Conseil privé.

CHEMIN DE FER INTERCOLONIAL ET CHEMIN DE FER DE L'ÎLE DU PRINCE-EDOUARD, CANADA.

RÈGLES ET RÈGLEMENTS CONCERNANT LE TRANSPORT DU BAGAGE.

1. Bagage.

(a) Le bagage consiste des hardes et des effets personnels des voyageurs qui sont nécessaires à leur trajet, et seront chéqués sur présentation du billet régulier lorsqu'ils sont renfermés dans des réceptacles fermés à clé qui assurera le transport sûr, tels que coffres, valises, portemanteaux, sacs à main et boîtes en cuir pour chapeau. Les articles précieux, tels que bijouterie, diamants, etc., ne seront pas considérés des effets personnels, et le chemin de fer n'en prendra pas la responsabilité.

(b) Les coffres, valises, télescopes, sacs de voyage, boîtes de grandeur moyenne (contenant des effets personnels, et munis de poignées convenables), les poches de matelot et d'émigrant, qui ne sont pas solidement fermés à clé, ne seront pas reçus ou chéqués, sauf avec l'entente qu'il ne sera pas encouru de responsabilité pour perte d'articles que contenaient ces poches.

(c) Les articles ci-dessous seront seuls chéqués et transportés entièrement au risque du propriétaire (formule 459 à être signée) :—Les coffres à outils, les fusils dans des étuis, les chaises de steamer et d'invalides, les instruments d'arpenteurs à leur pesanteur réelle (entre des stations en Canada seulement), les accessoires de club dans des réceptacles fermés, les *curling stones*, les accessoires de compagnies de théâtre, les matières d'annonce de théâtre (dont le poids doit être ajouté au bagage que les voyageurs peuvent avoir).

(d) Les articles suivants ne seront pas transportés comme bagage :—Colis de papier, paquets (à moins d'être solidement ceinturés de cannavas ou de corde), cartons à chapeaux, cages d'oiseau, boîtes ou barils de fruits, marchandises, meubles, effets de ménage, matière explosive, instruments de jeu, échantillons de poêles à l'huile ou à gasoline) ou tous articles qui ne constituent pas du bagage proprement dit.

2. Voitures d'enfants.

Les voitures et traîneaux d'enfants, ou autres voitures semblables, lorsqu'ils sont convenablement marqués sans garantie et lorsqu'ils ne contiennent que des arti-

cles nécessaires, tels que oreillers, robes ou couvertures, peuvent être chéqués au même taux que pour cinquante livres de bagage supplémentaire. Pas moins que 25 centins. Cette taxe est distincte et n'a pas de rapport à la taxe pour excédent de bagage proprement dit.

3. Bicycles, etc.

(a) Les bicycles et articles semblables seront reçus ou chéqués et transportés dans les wagons à bagage ou vapeurs lorsqu'ils seront accompagnés des voyageurs munis d'un billet régulier, et seront taxés conformément au tarif des bicycles. Il ne sera chéqué qu'un seul bicycle par voyageur.

(b) Les cycles en cages, pesant plus de 250 livres, ou les cycles ou véhicules semblables ayant plus de trois sièges, ou qui ont plus de dix pieds de longueur, ne seront pas transportés comme bagage.

(c) Les lampes, cyclomètres, cloches, sacs à outils et autres attachés devront être enlevés avant que le bicycle soit accepté, autrement ils seront transportés au risque du propriétaire, de même que les selles ou autres attachés liés aux cages contenant des bicycles.

(d) Dans le cas de trains d'excursion spéciaux (d'un jour) lorsqu'un wagon à bagage est fourni pour la commodité spéciale des excursionnistes, et qu'il n'y a pas de préposé au bagage en charge, les membres du parti pourront charger leurs bicycles (sans billets de bicycle) dans le dit wagon avec les paniers aux provisions et autres accessoires incidents à l'occasion, et les articles seront aux soins exclusifs des propriétaires et transportés sans frais à leur propre risque.

(e) Les coffres contenant des bicycles seront traités comme les coffres contenant d'autres articles ou échantillons, et la même allocation sera faite pour le billet de passage, mais les bicycles en caisses, encagés, ou emboîtés seront taxés comme tels.

(f) Les automobiles, cycles-moteurs, tricycles-moteurs, ou autres articles semblables, ne seront pas transportés comme bagage.

(g) Les mécanigraphes, tables à compter, les registres à argent, les gramophones et autres articles semblables, lorsqu'ils sont encaissés, encagés ou emboîtés, ne doivent pas être chéqués. Toutefois, s'ils sont enfermés dans des malles d'échantillons, ils pourront être chéqués.

4. Limite du poids d'une seule pièce.

Nulle pièce de bagage, sauf le bagage de l'immigrant étranger, pesant plus de deux cent cinquante livres ne sera acceptée ou chéquée comme bagage. Ceci s'applique à toutes les catégories de bagage, y compris les effets de théâtre chéqués ou mis dans le wagon à bagage régulier ou le steamer.

5. Autorité pour chéquer.

Le bagage ne sera chéqué que sur présentation du billet de passage, et ne sera pas chéqué à aucun point au-delà du point marqué sur le billet, ni par aucune autre route que celle désignée par le billet. Quant aux voyageurs portant des billets de première classe illimités, des chèques pourront être donnés pour tout point en deçà de la destination, si on le désire. Le bagage ne sera pas chéqué pour en deçà de la destination sur les billets limités, sauf sur les billets de touriste qui comportent les privilèges d'arrêt. Le bagage peut être chéqué sur ces billets en deçà de la destination conformément à ces privilèges d'arrêt. Les chèques doivent montrer les points de jonction.

6. Bagage gratuit.

(a) Cent cinquante livres de bagage seront allouées à chaque voyageur présentant un billet complet ou passe, et soixante-quinze sur un demi-billet. Les demi-billets présentés par des adultes avec permis de taux spécial ou billet de clergymen seront traités comme billet complet, et tout excédent de poids sera taxé comme bagage supplémentaire. Sur les vapeurs transpacifiques, où le billet de steamship ou ordre est présenté en conjonction avec un billet de chemin de fer à des ports transpacifiques, il sera alloué trois cent cinquante (350) livres de bagage sur chaque billet complet de toute classe, et cent soixante-quinze (175) livres sur chaque demi-billet. Le bagage ne doit pas être chéqué pour au-delà des points terminaux de la côte.

(b) Les frais pour excédent de bagage doivent être payés d'avance.

(c) Le bagage pesant plus que la tolérance autorisée sera assujéti à la taxe par cent (100) livres, selon le tarif de bagage supplémentaire. La taxe sur le bagage supplémentaire ne doit pas être basée sur un prix de passage temporairement réduit pour un parti spécial ou une excursion.

(d) En chéquant pour des points sur les lignes correspondantes, les chèques de bagage supplémentaire ne doivent pas être donnés pour aucune station au-delà de celle pour laquelle le bagage est chéqué.

(e) Lorsque des frais sont exigés pour bagage supplémentaire, un chèque de bagage supplémentaire doit être donné comme reçu pour le montant payé. Un seul chèque de bagage supplémentaire sera donné pour un lot de bagage. La route et la destination du chèque doivent correspondre avec celles du billet de passage sur lequel le bagage est chéqué.

7. Échantillons de marchandises.

(a) Aux voyageurs de commerce on pourra allouer sans frais 300 livres d'échantillons lorsqu'ils sont contenus dans des coffres ou caisses d'échantillons (pas des boîtes en bois) y compris le bagage personnel entre des points en Canada seulement sur présentation d'un bon certificat de privilège de voyageur de commerce (sur lequel certificat les privilèges de bagage seront endossés) ainsi que le billet de passage du voyageur portant un numéro correspondant et une lettre, par exemple, "123 T". Nulle allocation spéciale au-delà de 150 livres par billet ne sera faite aux voyageurs de commerce présentant des billets d'excursion délivrés au public, bien que le certificat du voyageur de commerce soit présenté en même temps que ce billet. Le bagage ne doit être chéqué que pour la destination et la même route que le billet de passage, et doit être pesé chaque fois qu'il est chéqué. Un seul billet suffira pour chéquer un lot quelconque d'échantillons de marchandises.

(b) Les voyageurs de commerce qui présentent des billets de fin de semaine pourront faire chéquer gratuitement 300 (300) livres d'effets personnels ou d'échantillons de marchandises, soit jusqu'à la destination du billet ou jusqu'à un point en deça de la destination du billet, pourvu que ce point soit sur la route directe du billet. Lorsque du bagage est chéqué jusqu'à un point en deça de la destination du billet de fin de semaine, les privilèges de bagage des deux parties du billet de fin de semaine peuvent être annulés par poinçon "B.C." ou "B.", ou en écrivant sur la face des deux parties du billet les lettres "B.C." Lorsque des billets de passage sont antédattés en vertu de dispositions qui le permettent, le bagage peut être chéqué sur la date de l'achat jusqu'à la destination du billet, sous les règlements ordinaires.

(c) Les frais pour bagage supplémentaire peuvent être perçus directement à toute station sur le chemin de fer Intercolonial, et un Excess Check, formule "C" indiquant le nombre de pièces, etc., émis pour permettre la perception. Si un voyageur de commerce portant cet Excess Check désire arrêter à une ou plusieurs stations en route, le bagage pourra être chéqué pour la station où il désire arrêter, pourvu qu'elle soit sur la route régulière reconnue pour laquelle cet Excess Check a été émis, et le propriétaire doit produire le billet de passage indiquant la station où l'arrêt est désiré, et le bagage doit être chéqué pour cette station seulement. Quand il y a un nombre de pièces de bagage appartenant à un voyageur de commerce, le bagage ne doit pas être divisé et taxé en différents lots. Pas plus que 300 livres ne seront allouées à un seul et même voyageur de commerce.

(d) Le bagage supplémentaire ne doit pas être taxé pour aucune station qui n'est pas pourvue des facilités convenables pour peser et percevoir l'excédent de bagage.

(e) La taxe pour tout excédent de poids, au-delà de l'allocation gratuite de 300 livres sur chaque billet, se fera d'après le tarif du bagage supplémentaire.

8. Transport des chiens.

(a) Les chiens munis d'un bon collier et d'une chaîne solidement attachée, ou en cages, qui ne sont pas destinés à des expositions ou à des courses, seront transportés dans les wagons à bagage au risque du proprié-

taire (formule 459 à signer) lorsqu'ils sont accompagnés des propriétaires ou gardiens, qui devront présenter un bon billet de passage au préposé aux bagages ou à l'agent lors de l'envoi.

(b) La taxe pour chaque chien sera la même que pour 100 livres de bagage supplémentaire (voir tarifs courants).

(c) Pas plus que deux (2) chiens par voyageur ne seront transportés dans le wagon aux bagages.

(d) Les chiens appartenant à des partis de théâtre seront transportés aux conditions qui règlent le transport de la propriété de théâtre.

9. Bateaux.

(a) Quand la chose est convenue d'avance, les chaloupes de course, si elles sont accompagnées des propriétaires, peuvent être transportées sur les trains à voyageurs, au risque du propriétaire, au prix courant du tarif. Les propriétaires devront enlever les outriggers avant de placer la chaloupe sur le train. Des chèques de bagage supplémentaire doivent être donnés pour les montants perçus.

(b) Les canots, esquifs, et autres embarcations ne seront pas mis dans les wagons à bagage, mais doivent être expédiés par fret ou messagerie. Ceci ne s'applique pas aux chaloupes par sections ou pliantes qui peuvent être pliées ou mises en paquets n'excédant pas six pieds de longueur, et qui seront acceptées comme partie de l'équipage d'un chasseur ou campeur.

10. Effets de campement.

(a) Pour un territoire limité, tel qu'autorisé par le tarif courant pour les sportsmen et campeurs, seuls ou en partis, en expéditions de campement, de chasse ou de pêche, deux cents (200) livres de bagage, y compris l'équipage des chasseurs et campeurs, seront chéquées gratis sur chaque billet complet, et cent (100) livres pour chaque demi-billet. L'équipage d'un chasseur et campeur peut se composer de tentes, petits paquets de literie, lits pliants, chaises de camp, ustensiles de cuisine, et provisions en petites quantités empaquetées dans des réceptacles convenables de façon à pouvoir être chéqués, empilés et manipulés comme bagage ordinaire; aussi des fusils dans des étuis de cuir ou de canevas. Cette allocation peut aussi comprendre 50 livres de poisson pris ou de gibier tué, bien encaissé, (pourvu qu'il ait été pris dans la saison ouverte et soit porté selon la loi), mais les cadavres de cerfs, ours, ou autre gros gibier pesant plus de 50 livres ne seront pas transportés gratuitement et rien ne sera alloué. Ces cadavres peuvent être expédiés par messagerie ou par fret; et pas plus de 50 livres de poisson ou de gibier ne seront chéqués sur un seul billet, même en payant les taux de bagage supplémentaire, (toutes quantités excédant 50 livres peuvent être expédiées par messagerie ou fret).

(b) Tous les articles qui ne sont pas ordinairement réputés bagage seront transportés au risque du propriétaire.

(c) Les meubles, barils, sacs de farine ou autres articles encombrants de cette nature ne doivent pas être chéqués ni expédiés dans les wagons à bagage.

11. Bagage théâtral.

(a) Les hardes, décors de théâtre, instruments de musique, scènes et animaux vivants, lorsque convenablement attachés ou encagés, employés à des pièces de théâtre ou autres amusements publics, peuvent être transportés dans les wagons à bagage sur les trains réguliers, à certaines conditions—cent cinquante (150) livres seront portées pour chaque billet complet et soixante-quinze (75) livres pour chaque demi-billet. Si ces objets ne sont pas encagés de manière à ce que le poids réel puisse être facilement constaté, on estimera à 250 livres chaque poney et chaque âne, et à 100 livres chaque chien savant.

(b) Les animaux ou autre simple pièce de théâtre pesant plus de 250 livres ne seront transportés que que dans des wagons à bagage spéciaux.

(c) Chaque fois que des animaux sont transportés dans les wagons réguliers à bagage ou dans des wagons spéciaux, des contrats devront être exécutés subordonnés aux règles et règlements de fret concer-

nant le voiturage de bestiaux, et la signature à ce contrat devra être obtenue à l'endroit primitif du contrat, de façon à protéger toutes les lignes intéressées.

(d) Tout bagage scénique et accessoire excédent l'allocation autorisée dans le présent article doit être taxé aux taux réguliers du bagage supplémentaire, lorsqu'il est transporté dans les wagons à bagage réguliers sur les trains réguliers.

(e) Des wagons à bagage spéciaux (qu'ils soient possédés ou loués par le parti ou fournis par la compagnie de chemin de fer) sur les trains réguliers, seront taxés selon le tarif courant.

(f) Lorsque des wagons à bagage spéciaux sont fournis et que le bagage et les effets du parti ne peuvent y contenir tous, nécessitant qu'une partie soit expédiée dans le wagon à bagage régulier, l'excédent doit être taxé au taux régulier de bagage supplémentaire pour la partie qui n'est pas transportée dans le wagon à bagage spécial, sauf que l'allocation régulière pourra être faite pour tous billets en sus du nombre requis par wagon pour couvrir le service spécial de wagon à bagage.

12. Emmagasinage.

(a) Les frais d'emmagasinage seront exigés sur chaque pièce de bagage, à l'entrée ou à la sortie, chéquée ou non, restant aux stations plus longtemps que vingt-quatre heures, comme suit :—Premières vingt-quatre heures, gratis ; deuxième vingt-quatre heures, ou fraction de vingt-quatre heures, vingt-cinq (25 cts) ; et pour chaque vingt-quatre heures ensuivantes, ou fraction de vingt-quatre heures, dix (10 cts). Sauf, que le bagage arrivant aux gares entre midi le samedi et midi de dimanche sera gardé sans frais jusqu'à midi le lundi suivant : les frais d'emmagasinage doivent comprendre les dimanches et les fêtes statutaires lorsque le bagage a été marqué pour emmagasinage avant le dimanche ou la fête statutaire qui intervient.

(b) Le bagage d'échantillons appartenant aux voyageurs de commerce munis de certificat de voyageur de commerce sera emmagasiné en Canada sans frais depuis 13.00 heures vendredi jusqu'à minuit du lundi suivant, alors que l'emmagasinage commencera, au lieu de commencer à midi le lundi.

(c) Tout bagage sera emmagasiné au risque du propriétaire.

13. Paiements sur livraison.

(a) Tous les frais pour excédent de bagage, emmagasinage et transport sont supposés être perçus par l'agent expéditeur, mais si du bagage est reçu d'une ligne correspondante avec ordre de percevoir les frais dus, ou chaque fois qu'il est nécessaire d'expédier cette propriété à destination pour percevoir les frais, elle devra être expédiée sous un ordre "C. O. D." imprimé sur carton bleu, donnant des instructions explicites quant à la perception, indiquant le montant à percevoir, pourquoi, et comment il doit être credité.

(b) Sur le bagage expédié de haltes ou autres stations non pourvues de facilités pour le bagage, les frais de bagage supplémentaire ou autres frais seront perçus à la destination.

14. Identification de station.

(Chèques de réclamation.)

(a) Tout bagage délivré à des stations par des lignes de transfert ou par des employés de messagerie ou par des individus devront porter un chèque de réclamation, ou le préposé aux bagages doit être requis d'émettre un chèque de réclamation lorsque le bagage est reçu.

(b) Aucune responsabilité ne sera assumée par le voiturier pour bagage laissé sur le terrain de la station à moins qu'il porte un chèque de réclamation, ou un chèque d'identification comme susdit, sauf si le billet de passage a été présenté et le bagage chéqué à destination.

15. Règlements généraux.

(a) Le bagage doit être délivré à la gare à temps suffisant avant le départ régulier du train ou du vapeur sur lequel il doit partir, afin de donner le temps de peser, percevoir et donner les reçus voulus.

(b) Si un voyageur qui a perdu son contre-chèque demande son bagage, et peut prouver son droit de propriété en énumérant exactement le contenu de l'article

réclamé, le bagage pourra lui être délivré contre paiement de vingt-cinq (25) centins pour la perte du contre-chèque, et en signant un reçu en double le montant perçu sera remboursé contre le retour du chèque à la compagnie de transport.

(c) La responsabilité de la compagnie de transport pour toute perte ou avarie provenant d'une cause quelconque au bagage chéqué pour des points au-delà de sa ligne, cesse aussitôt que le bagage est confié au voiturier ensuivant.

(d) La compagnie de transport ne garantira pas de porter ou expédier le bagage sur le même train ou le même steamer que le voyageur, et si le bagage d'un voyageur est perdu ou avarié, la compagnie de transport ne sera responsable que pour la somme de \$50.

(e) Si un voyageur désire ouvrir son bagage pour en retirer quelque article après avoir été chéqué, et sur identification, l'agent ou le préposé aux bagages feront remplir la formule 459.

Frais minimum à percevoir sur un lot quelconque de bagage, vingt-cinq centins.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :— Dans la *Gazette du Canada* seulement.

3. Pour l'extension des pouvoirs d'une compagnie (lorsqu'ils n'entraîneront pas l'octroi de quelques droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs pour émettre des obligations ou pour faire des emprunts, ou pour quelque amendement pouvant affecter les droits ou intérêts des actionnaires ou porteurs d'obligations ou créanciers de la compagnie :— Dans la localité où est situé le siège de la compagnie.

Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. L'honoraire de \$200 ne sera payé que dans la Chambre où le bill a pris naissance; mais les frais de réimpression et de traduction seront payés dans la Chambre où ces frais sont encourus.

given an opportunity of submitting the necessary evidence in support of such claims, Mr. H. A. Conroy, Inspector for Indian Treaty No. 8, was instructed last spring on his annual visit to the territory above mentioned in connection with the Indian Treaty payments, to receive evidence under oath in support of their claims to scrip from such Half-Breeds as might appear before him for that purpose.

The Minister has recently received from Mr. Conroy the evidence taken by him, under the said instructions, in sixty applications to share in the grant of scrip in question.

The Minister, therefore, recommends that he be authorized to deal with these claims on the same basis as similar claims were dealt with and under the provisions of paragraph "f" of section 90 of The Dominion Lands Act, as amended by section 4 of chapter 16 of the Act 62-63 Victoria, to issue scrip to such of the claimants as may be found entitled thereto, after their claims have been examined and passed upon in the usual way.

The Committee submit the same for approval.

Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Memorandum dated 14th October, 1905, from the Minister of the Interior, stating that a legal tariff of fees to be charged by the Minister of the Interior for copies of maps, township plans, field notes and other records, was established by Order in Council of the 12th April, 1880, and that under this tariff the price of lithographed copies of township plans is fixed at 50 cents per copy.

The Minister further states that since this tariff was established new processes have been adopted for printing plans by which the cost has been considerably reduced.

The Minister therefore recommends that when township plans are sold the price be reduced to ten cents per copy, which will fully cover the cost of printing.

The committee submit the same for approval.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que les règlements gouvernant l'émission de licences et de permis annuels de coupe de bois sur les terres fédérales dans les provinces de Manitoba, Saskatchewan et Alberta, les Territoires du Nord-Ouest et la zone de chemin de fer dans la province de la Colombie-Britannique, établis par ordre en Conseil du 1er juillet 1898, et des ordres en Conseil subséquents, prescrivent que le bois sur les terres fédérales ne peut être acquis pour les fins d'exploitation des houillères, excepté que par concurrence publique, et que les propriétaires et exploitants de terrains houillers sont de ce fait grandement incommodés ;

Par conséquent, il a plu au Gouverneur général en Conseil, dans le but d'encourager le développement de l'industrie houillère, d'ordonner que les dits règlements soient, et ils sont par le présent amendés de manière à ce qu'il soit accordé, sans concurrence, aux propriétaires et exploitants de terrains houillers, des permis de couper le bois dont ils peuvent avoir besoin pour le développement de leurs mines, sur paiement des droits suivants :

Bois ayant 9 pouces et plus de diamètre au gros bout $\frac{1}{2}$ c. par pied lin.
Bois ayant 5 pouces et moins de 9 pcs de diamètre au gros bout $\frac{1}{4}$ c. " "

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un mémorandum daté le 14 octobre 1905, du ministre de l'Intérieur, disant que par ordre en Conseil du 12 avril 1880, il a été établi un tarif légal de droits à être imposés par le ministre de l'Intérieur, pour copies de cartes, plans de townships, notes d'arpentages et autres titres, et qu'en vertu de ce tarif le prix de copies lithographiées des plans de townships est fixé à 50 centins la copie.

Le ministre soumet de plus que depuis que ce tarif a été établi il a été adopté de nouveaux procédés pour l'impression des plans qui en ont considérablement réduit le coût.

Le ministre, par conséquent, recommande que lorsque des plans de townships sont vendus le prix en soit réduit à dix centins la copie, ce qui couvrira amplement les frais d'impression.

Le comité soumet ce qui précède pour approbation.

JOHN J. MCGEE,
27-3 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 19th day of December, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 28th November, 1905, from the Minister of Marine and Fisheries, stating that he has had under consideration an application from Mr. William W. Lewis, of Louisburg, C. B., to have the wrecked foreign steamer "Pro Patria" registered in his name as a Canadian vessel. It appears from the evidence submitted that the steamer was stranded at Sandolphin Cove, Fourchu, C. B., and was surveyed and condemned as a wreck, being subsequently sold to the present owner.

The Minister recommends, as all the acts connected with the wreck, condemnation and sale of the steamer appear to have been in good faith, and the vessel has been repaired and made thoroughly seaworthy, that the vessel be admitted to British-Canadian registry at the port of Halifax, N. S., when the usual forms have been complied with in regard to the registry of ships, in the name of the applicant, Mr. William W. Lewis.

The Minister further states that Mr. William W. Lewis has applied in writing for permission to change the name of the steamer "Pro Patria" to that of "Canada", on the ground that he is a British subject resident in Canada and wishes the foreign name changed so that the vessel can be identified with Canada.

The Minister recommends, as there appears to be no objection to the application being granted, that authority be given under the provisions of section 21 of chapter 72, Revised Statutes of Canada, to change the name of the said steamer "Pro Patria" to that of "Canada" after she has been registered in her foreign name to meet the requirements of The Imperial Merchant Shipping Act.

The Committee submit the same for approval.

JOHN J. MCGEE,
27-3 Clerk of the Privy Council.

Jones and Webster, of Saskatchewan Landing, Saskatchewan, have made application to purchase under the irrigation system the S.W. $\frac{1}{4}$ of Section 25, and the N.E. $\frac{1}{4}$ of Section 24, Township 21, Range 19, and the S.W. $\frac{1}{4}$ and the S.E. $\frac{1}{4}$ of Section 19, and the W. $\frac{1}{2}$ of Section 21, Township 21, Range 18, all west of the Third Meridian, containing an aggregate area of 779.10 acres.

The Minister further states that the lands applied for are vacant and available for the required purpose ; and that the applicants would appear to be acting in good faith in the matter ; also that it would not be, in his opinion, detrimental to the public interest if their application were favourably considered.

The Minister, therefore, recommends that he be authorized to sell to Messrs. Jones and Webster the lands above described, upon their complying with the irrigation requirements of the North-west Government as to the irrigation of the land and the construction of the irrigation works, at the usual rate of \$3.00 per acre, subject to the deduction of the cost of construction of the irrigation works, but such deduction not in any case to bring the price below \$1.00 per acre.

Wednesday, the 29th day of November, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated the 18th November, 1905, from the Minister of the Interior, stating that representations having been made to him that a number of Half-Breeds, residents of the Athabaska and Peace River Country, covered by Indian Treaty No. 8, which

was concluded in 1899, had heretofore been unable, owing to their absence in remote parts of such territory, to present their claims to share in the Half-Breed grant of scrip and that they were desirous of being given an opportunity of submitting the necessary evidence in support of such claims, Mr. H. A. Conroy, Inspector for Indian Treaty No. 8, was instructed last spring on his annual visit to the territory above mentioned in connection with the Indian Treaty payments, to receive evidence under oath in support of their claims to scrip from such Half-Breeds as might appear before him for that purpose.

The Minister has recently received from Mr. Conroy the evidence taken by him, under the said instructions, in sixty applications to share in the grant of scrip in question.

Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893".

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.
